Note: You may begin writing your response before the reading period is over.

(This question counts for one-third of the total essay section score.)

Eminent domain is the power governments have to acquire property from private owners for public use. The rationale behind eminent domain is that governments have greater legal authority over lands within their dominion than do private owners. Eminent domain has been instituted in one way or another throughout the world for hundreds of years.

Carefully read the following six sources, including the introductory information for each source. Then synthesize material from at least three of the sources and incorporate it into a coherent, well-developed essay that **defends, challenges, or qualifies the notion that eminent domain is productive and beneficial.**

Your argument should be the focus of your essay. Use the sources to develop your argument and explain the reasoning for it. Avoid merely summarizing the sources. Indicate clearly which sources you are drawing from, whether through direct quotation, paraphrase, or summary. You may cite the sources as Source A, Source B, etc., or by using the descriptions in parentheses.

Source A (U.S. Department of Justice)

Source B (Carney)

Source C (Somin)

Source D (Porter)

Source E (cartoon)

Source F (Narciso)
