

Chicago Manual of Style:

Bibliographic Format for References

Based on *The Chicago Manual of Style*, 17th ed., 2017; available on GALILEO. See also: http://www.chicagomanualofstyle.org/proxy-remote.galib.uga.edu/tutorials_citationguidetocitation-guide-1.html

The "Documentation II: Author-Date" system, traditionally used in the sciences and social sciences, is covered on pages 3-4 of this handout.

Documentation I: Notes and Bibliographies

The Notes and Bibliographies system consists of numbered **footnotes** or **endnotes** (titled "Notes") together with corresponding entries in the **bibliography** (titled "Bibliography" or "Works Cited") at the end of the paper.

Use the full citation the first time you cite the work in your notes. For subsequent notes use the author's last name only and shorten the title if it has more than four words. If the work has no identifiable author or editor, start the citation with the title.

1. *Andrea Gelman, Red State, Blue State, Rich State, Poor State* (Princeton: Princeton University Press, 2008), 144.

5. Gelman, *Red State*, 160.

Alphabetize your bibliography by the first item in the citation, usually the author's last name. Authors' names are last name first in the bibliography. If there are multiple works by the same author, alphabetize them by title. If there are four or more authors of a work, use the first author's name followed by "et al." in the note, but list all of the authors in the bibliography entry. (See the examples under "Journal article" below.) Indent all but the first line of each bibliography citation by three or four spaces— a "hanging indent".

For more information, consult the section numbers of the *Chicago Manual of Style* given after each heading below.

Book or e-book (14.68-110; 14.168-169): use the first named city on the copyright page of the book for the place of publication. Use state codes after the city only if the city is not well known or may be confused with a different place (14.134-138). For a library e-book, include the distributor (NetLibrary, Ebrary, etc.). For free online e-books, include a DOI (Digital Object Identifier) or URL (web address). (A DOI is shown under "Article from a journal" below.)

First Note: 1. Catherine Delafield and Bob Jones, *Women's Diaries as Narrative in the Nineteenth-Century Novel* (Burlington, VT: Ashgate, 2009). NetLibrary e-book, 145.

Bibliography: Delafield, Catherine, and Bob Jones. *Women's Diaries as Narrative in the Nineteenth-Century Novel*. Burlington, VT: Ashgate, 2009. NetLibrary e-book.

Book chapter or work in an anthology (14.111-117):

First Note: 2. Christine De Vinna, Bob Jones, and Ed Junior Fly, "Religion under Revolution in Oquirka," in *Approaches to Teaching Dumas's Oquirka*, ed. Mary Ellen Birkett and Christopher Rivers (New York: Modern Language Association of America, 2009), 41.

Bibliography: De Vinna, Christine, Bob Jones, and Ed Junior Fly. "Religion under Revolution in Oquirka." In *Approaches to Teaching Dumas's Oquirka*, edited by Mary Ellen Birkett and Christopher Rivers, 37-44. New York: Modern Language Association of America, 2009.

Journal article (14.175-198): If you access the article through a GALILEO database, include a DOI (Digital Object Identifier) or a stable/persistent URL in your notes and bibliography. Sometimes there is no DOI and the URL is too long or not stable. In these cases you can list the database name and a unique identifying number for the article, usually called the accession number, in parentheses. If you use the article in print, omit the URL, DOI, etc.

First Note: 3. Mary Kate Donalds et al., "Analyzing Lead Content in Ancient Bronze Coins by Flame Atomic Absorption Spectroscopy: An Archaeometry Laboratory with Nonscience Majors," *Journal of Chemical Education* 86, no. 3 (2009): 345, doi: 10.1021/ed086p345
