Martin,Daniel J. Capra,Faust F. Rossi,2003-01-01 If you litigate or preside in any court in the state of New York you know just how confounding the state s evidence law can be New York Evidence Handbook is the new comprehensive guide to all of the rules and principles of evidence applicable in New York courts This new 1 000 page handbook presents a practical contemporary approach to evidence written with the real world challenges of the New York trial lawyer and judge in mind It gathers into one easy to use handbook all of the rules the leading decisions and the significant statutes you need to consider when assessing the admissibility of evidence The book walks you through all the rules and their operation as they relate to judicial notice presumptions relevance the best evidence rule etc discussing all of the leading authorities and citing numerous trial examples Throughout New York Evidence Handbook special attention is paid to helping you quickly solve commonly encountered but difficult evidence questions *Beyond Test Scores* Jack Schneider,2017-08-14 When it comes to sizing up America s public schools test scores are the go to metric of state policy makers and anxious parents looking to place their children in the best schools Yet ample research indicates that standardized tests are a poor way to measure a school s performance It is time indeed past time to rethink this system Jack Schneider says Beyond Test Scores reframes current debates over school quality by offering new approaches to educational data that can push us past our unproductive fixation on test scores Using the highly diverse urban school district of Somerville Massachusetts as a case study Schneider and his research team developed a new framework to more fairly and comprehensively assess educational effectiveness And by adopting a wide range of measures aligned with that framework they were able to more accurately capture a broader array of school strengths and weaknesses Their new data not only provided parents educators and administrators with a clearer picture of school performance but also challenged misconceptions about what makes a good school With better data

Schneider shows stakeholders at the federal state and local levels can undo the damage of present accountability systems and build greater capacity in our schools Policy makers administrators and school leaders can better identify where assistance is needed Educators can engage in more evidence based decision making And parents can make better informed choices for their children Perhaps most importantly better data can facilitate communication among all these groups allowing them to take collective action toward shared concrete goals
