## The Zither

Story by Have Fun Teaching

Zack goes to the zoo.  
Zack goes to play the zither.  
Zack plays where snakes go slither.

He is not lazy about the zither.  
He plays until he gets dizzy.  
He works his mom into a tizzy!

When Zack plays his zither,  
his playing always amazes,  
and people cast their gazes!

Listen Wise Monica Brady-Myerov, 2021-03-23 Listen Wise Listening skills form part of the foundation of any successful student's repertoire of abilities. Crucial to academic performance and success throughout life, attentive listening can transform students' ability to absorb and understand information quickly and efficiently. In *Listen Wise: Teach Students to Be Better Listeners*, journalist, entrepreneur, and author Monica Brady-Myerov delivers an insightful and practical examination of how to build powerful listening skills in K-12 students. The book incorporates the Lexile Framework for Listening and explains why it is revolutionizing the field of listening and contributing to a surging recognition of its importance in the academic curriculum. It also includes firsthand classroom stories and incisive teacher viewpoints that highlight effective strategies to teach critical listening skills. You'll discover real-world examples and modern research-based advice on how to assist young people in improving their listening abilities and overall academic performance. You'll also find personal anecdotes from the accomplished and experienced author alongside accessible excerpts from the latest neuroscience research covering listening and auditory learning. *Listen Wise* explains why listening skills in students are crucial to improving reading skills, especially amongst those students still learning English. The book is a critical resource that demonstrates why listening is the missing piece of the literary puzzle and shows educators exactly what they can do to support students in the development of this key skill. Perfect for K-12 teachers looking for effective new ways to understand their students and how they learn, *Listen Wise* will also earn a place in the libraries of college and master's level students in education programs readying themselves for a career in teaching.

Our Language, 1894 *Our Language* Frederik Atherton Fernald, 1894 *Supporting Inclusion* Faith Edmonds Andreasen, 2014-04-02 *Supporting Inclusion: School Administrators' Perspectives and Practices* provides significant insights that arm the reader with a variety of ideas and easy-to-implement, applicable strategies gleaned from knowledgeable contemporaries. This book details various approaches taken by administrators as they transitioned their schools from a segregated resource environment to an inclusive framework. From elementary to high school administrators in both large and small school districts describe approaches that best suited their populations' needs. While transitioning to inclusion, administrators created structures that maximized staff talent and encouraged faculty buy-in. Challenges included calendaring collaboration time, providing inclusion and co-teaching training, properly mentoring first-year teachers, securing expert ancillary staff, retraining paraprofessionals from resource to inclusive supporting roles, procuring appropriate technology and supplemental resources, and presenting strategies to accommodate behaviorally challenged students. Programming often required shifting populations and leveling classes. Ultimately, administrators established and sustained inclusive classrooms with a good deal of success.
