

"TOUCH CONTROL"

With "Touch Control" you can tailor the keyboard to your own touch. As you move the lever toward the lower numbers on the Touch Control Dial you are decreasing the tension on the type bar keys and adjusting the keys for a light touch. Moving the lever the opposite way toward the higher numbers on the dial increases the tension on the keys and adjusts them for a firm touch. Whether your touch is firm or light, with "Touch Control" you can adjust the Royal HH to suit yourself.

AUTOMATIC PAPERLOCK

Before inserting paper the Automatic Paper Lock should be pulled forward. After the paper is inserted and rolled up, the Automatic Paper Lock on the Royal is pushed back. When it hits the cylinder it automatically rolls upward ironing the paper flat. This convenient feature of the Royal prevents the paper from buckling, subdues the sound of the type-strikes and insures sharp, clear typewritten copy.
