Dear Pastor Davis,

I am writing this letter to provide a strong recommendation for Mr. Bobby M. Payton. I have had the pleasure of knowing Bobby for the past five years as a member of our church, and I believe he would make an excellent addition to Grace Community Church.

Hitler's Priests Kevin Spicer, 2008-04-14 Shaken by military defeat and economic depression after War World I Germans sought to restore their nation's dignity and power In this context the National Socialist Party with its promise of a revived Germany drew supporters Among the most zealous were a number of Catholic clergymen known as brown priests who volunteered as Nazi propagandists In this insightful study Spicer unearths a dark subchapter in Roman Catholic history introduces the principal clergymen who participated in the Nazi movement examines their motives details their advocacy of National Socialism and explores the consequences of their political activism Some brown priests particularly war veterans advocated National Socialism because it appealed to their patriotic ardor Others had less laudatory motives disaffection with clerical life conflicts with Church superiors or ambition for personal power and fame Whatever their individual motives they employed their skills as orators writers and teachers to proclaim the message of Nazism Especially during the early 1930s when the Church forbade membership in the party these clergymen strove to prove that Catholicism was compatible with National Socialism thereby justifying their support of Nazi ideology Father Dr Philipp Haeuser a scholar and pastor went so far as to promote antisemitism while deifying Adolf Hitler The Führer's antisemitism Spicer argues did not deter clergymen such as Haeuser because although the Church officially rejected the Nazis extreme racism Catholic teachings tolerated hostility toward Jews by blaming them for Christ's crucifixion While a handful of brown priests enjoyed the forbearance of their bishops others endured reprimand or even dismissal a few found new vocations with the Third Reich After the fall of the Reich the most visible brown priests faced trial for their part in the crimes of National Socialism a movement they had once so earnestly supported In addition to this intriguing history about clergymen trying to reconcile faith and politics Spicer provides a master list verified by extensive research in Church and government archives of Catholic clergy who publicly supported National Socialism

Naked Parish Priest Stephen Loudon, Leslie J. Francis, 2003-08-01 Based on a survey sent out to Catholic clergy in the UK this study is a major contribution from empirical theology towards interpreting the health and potential of the priesthood today The issues raised by this new study concern the nature and health of the priesthood a topic of most urgent concern at a time of clerical scandal and abuse The conclusions of this book are extremely revealing but fundamentally positive for anyone concerned with the future of the Christian Church at the start of a new millennium

Bible Stories Bella Stevenson, 2018-03-16 Three boys and four girls were already living with Mama when Osas came to join them as the eighth domestics servant She had a four room apartment in the Warders Barracks Abode where she was the prisons Department head cook At the end of every day the remnants of the raw food stuffs from the kitchen were shared into three parts Two thirds went to the Chief Warder's house while Mama Benin had the rest The same went for palm oil salt mutton and firewood So food was not her problem mama Benin never spent a kobo of her salary on food stuffs She was thus in a position to maintain a large number of domestic servants All the seven boys and girls living with her were off spring of

her distant relations Osas abalone was her nephew Mama Benin was a strict disciplinarian She never spared the rod The slightest offence by any of her servants attracted heavy flogging Even when a neighbor intervened she never failed to use the cane The only thing she did if she like the intruder as she always called person was to reduce the number of strokes to be given out to any offender who had an interceder The offender might be lucky to have just twelve lashes Sometimes she might be infuriated by the plea from a neighbour and so increase the number of strokes to twenty four Tired to receiving entreaties from any one on behalf of any offending servant she devised another method of flogging her offenders She kept a number of canes in her bedroom As soon as a servant committed any offence she sent the culprit to fetch something for her from her bedroom She was always obeyed Seconds later she would close up with the offender in her bedroom lock up the door and empty as many canes she wanted on the culprit The best the pleading neighbours could do was to plead for mercy for she would open the windows Such pleas normally fell on deaf ears as she would open the door release the culprit only when she was satisfied that she had meted out of the offender severe punishment as she pleased

Identity and Internationalization in Catholic Universities Hans de Wit, Andrés Bernasconi, Visnja Car, Fiona Hunter, Michael James, Daniela Véliz, 2018-08-02 Identity and Internationalization in Catholic Universities explores the relationship between Catholic identity mission and internationalization in Catholic universities of different types and located in different contexts Internationalization is a key concern for universities working to achieve their goals in different regions of the world but without neglecting their identity There are many universities that consider themselves related to the Roman Catholic faith and many other universities with Christian affiliations It is well known that Catholic universities have unique missions such as the formation of individuals inspired by a religious conviction to serve society and the church That is why it is imperative to have empirical knowledge to help develop practical and effective policies on central themes such as internationalization a fundamental part of many universities developmental strategies while paying special attention to each university's specific context This book includes sixteen case studies from Latin America the United States the Asia Pacific and Europe and also includes chapters on regional perspectives on Catholic higher education as well as more specifically Jesuit higher education the global network of La Salle universities and internationalization in the United States Latin America the Asia Pacific region and Europe

African Catholic Priests Jordan Nyenyembe, 2011 This is a timely book on the contemporary African priesthood Just as in other parts of the globe the African priesthood currently faces a serious crisis of identity The unfolding crisis puts stress on the clerics and augments the tension with lay people The model of the Church as Family of God opted for by the Church in Africa is a new milestone that puts pressure on Catholic priests to define their role in the new context The identity and image of priests need to be specified as lay ministries render the Church active from the grassroots Reflection about the ministry of the clergy in Africa is urgent and indeed it is an important aspect of enculturation Nyenyembe demonstrates an admirable

capacity to situate his rich theological reflections in an African context **Student Migration and Development** Sascha Krannich, Uwe Hunger, 2024-03-27 How do international students and alumni contribute to development in their countries of origin Is the development effect greatest when students return to their countries of origin directly after completing their studies and become involved locally there or can they also support the development of their country of origin if they remain abroad after their studies and contribute their knowledge and capital to the development process of their country of origin via transnational networks Specifically this question is examined in this publication using the example of the scholarship and alumni work of the Catholic Academic Alien Service KAAD in five countries of different developing regions Georgia Ghana Indonesia Colombia and Palestine *State and Religion* Renae Barker, 2018-09-03 With its increasingly secular and religiously diverse population Australia faces many challenges in determining how the state and religion should interact Australia is not unique in facing these challenges States worldwide including common law countries with shared legal and religious heritages have also been faced with the question of how the state and religion should relate to one another Countries such as the United Kingdom Canada New Zealand and the United States have all had to grapple with how to manage the state religion relationship in the present day This book provides a comprehensive historical review of the interaction of the state and religion in Australia It brings together multiple examples of areas in which the state and religion interact and reviews these examples across Australia's history from settlement through to present day The book sets this story within a wider theoretical context via an examination of theories of state religion relationships as well as a comparison with other similar common law jurisdictions The book demonstrates how the solutions arrived at in Australia is uniquely Australian owing to Australia's unique legal system religious demographics and history However this is just one possible outcome among many that have been tried in common law liberal democracies From Celibate Catholic Priest to Married Protestant Minister Stephen Joseph Fichter, 2015-07-15 *From Celibate Catholic Priest to Married Protestant Minister* Shepherding in Greener Pastures describes a previously unstudied population of celibate Catholic priests who left the priesthood and eventually became married Protestant ministers Stephen Fichter alternates from narrative to descriptive as he follows the lives of three of his study participants before during and after their dual transition The descriptive sections include a history of religiously motivated celibacy and a review of the four leading forerunners in the field of Catholic clergy research This scholarly study is the first time that these transitional clerics have candidly explained their difficult journeys of discernment Religion love loss and commitment are all analyzed in the context of this unique group of men and the profiles in this book are memorable not only for the richness of their content but also and maybe most importantly for their humanity Lessons can be drawn for all people especially those who have ever suffered a mid life crisis George Moore Mary Pierse, 2009-01-23 The Irish writer George Moore 1852-1933 was a very significant and often controversial figure on the literary stages of Paris London and Dublin at a key cultural moment Between 1880 and 1931 his creative involvements

included spells with literary theatres in London and Dublin jousts with the daring and repression of the fin de siècle and a hail and farewell to Yeats and the Irish Revival This collection of essays offers fresh insights into diverse elements of his œuvre and reflects some of the wide variety in Moore's literary innovations influences and legacy Contributors note his pioneering contributions to the short story his penetrating insights into Greek classical literature his avant garde feminism and egalitarianism and what may surprise 21st century readers of biblical theme blockbusters his sensitive but contentious novelistic treatment of the historical Jesus In this volume there are studies of sophisticated composition and fresh approaches to textual analysis The multiple Moore talents are scrutinised myths are dispelled and new evidence is uncovered for historic linkages George Moore's anticipation of Freudian psychological insights and his engagement with Darwinian theses are but two of his close involvements with key nineteenth century figures Manet Degas Parnell Kant Maupassant Gladstone Zola Marx and Woolf must feature on the list of names that are inseparable from Moore's life and work Yeats and Joyce also loom large and their under acknowledged indebtedness to Moore poses difficult questions for literary history While Moore's own debt to French artistic influences English models and Irish heritage has long been recognised perceptions of Moore's writing from outside the Anglophone world highlight issues that demand further consideration This multi faceted author is well served by these new studies that in turn suggest additional avenues yet to be explored
