Best Practices for Effective Secondary School Counselors Carla F. Shelton, Edward L. James, 2004-11-02 Written from the perspective of a practicing certified counselor this guide contains essential information needed to smoothly transition from service based to program based counseling **The Ageing of Materials and Structures** Klaas van Breugel, Dessi Koleva, Ton van Beek, 2017-11-23 This work is an overview of the state of art on Ageing of Materials and structures in the world Ageing of materials is a natural phenomenon Each material we use will age This ageing will influence the performance of the object where the materials is used Furthermore the ageing will be affected by the surroundings in which the object is placed The main focus of the book is on materials used in infrastructure energy buildings and industry The book in effect establishes the definition of ageing and its main research topics that are relevant for society Fair Isn't Always Equal Rick Wormeli, 2023-10-10 Differentiated instruction is a nice idea but what happens when it comes to assessing and grading students How can you capture student progress growth and soft skill development and still provide an equitable grading environment An internationally recognized expert on grading practices author Rick Wormeli revisits these questions

in this thoroughly updated second edition of *Fair Isn't Always Equal: Assessment and Grading in the Differentiated Classroom*, Wormeli reflects on current grading and assessment practices and how they can exist with high stakes accountable classrooms. Important and sometimes controversial issues are tackled constructively in this book, incorporating modern pedagogy and addressing the challenges of teaching diverse groups of students across all learning levels. Middle and high school educators will easily recognize gray areas of grading and how important it is to have a shared school vision. In this second edition, new sections address sports eligibility, honor roll, descriptive feedback techniques, and gifted/talented students. Previous chapters on test questions, redos, retakes, grading scales, and grading effort and behavior have been revised extensively. This important book clearly explains the principles behind best grading practices so that you're ready for all grading questions or scenarios that you may encounter in your classrooms and schools.

Educating Young Children from Preschool Through Primary Grades Laverne Warner, Judith Sower, 2005

Catering to the first-time teacher, the authors provide day-to-day challenges of what it means to teach young children in the classroom while fostering a mentoring environment for pre-service teachers entering the field. Chapter 4 addresses children with special needs and commonly used modifications for each of the disabilities. A unique chapter on teaching fourth graders, chapter 10, has been included that may be covered or skipped depending upon state requirements. Lesson planning is emphasized throughout, and sample lesson plans and mini-lessons have been included for every grade level and subject area.
