 Cogswell,2017-12-07 James s reign marked one of the very rare major breaks in England s monarchy Already James VI of
 Scotland and a highly experienced ruler who had established his authority over the Scottish Kirk he marched south on
 Elizabeth I s death to become James I of England and Ireland uniting the British Isles for the first time and founding the

 complex curious man and great survivor James drastically changed court life in London and presided over such major
 projects as the Authorized Version of the Bible and the establishment of English settlements in Virginia Massachusetts
 Gujarat and the Caribbean Although he failed to unite England and Scotland he insisted that ambassadors acknowledge him
 as King of Great Britain and that vessels from both countries display a version of the current Union Flag He was often
 accused of being too informal and insufficiently regal but when his son Charles I decided to redress these criticisms in his
 own reign he was destroyed How much of the roots of this disaster were to be found in James s reign is one of the many
 problems dramatized in Thomas Cogswell s brilliant and highly entertaining new book **An Encyclopaedia of Occultism**
