COURSE OVERVIEW

ISU Catalogue description: "Individual human behavior in social contexts. Emphasis on social judgments and decisions, attitudes, perceptions of others, social influence, aggression, stereotypes, and helping."

Course goals: By the end of this course, you should:

- Have an increased knowledge base regarding social psychology, as well as an enhanced ability to examine social behavior with a critical eye
- Be able to explain how psychologists do what they do, and why they do it that way
- Be able to recognize and apply various social psychological principles to your everyday life

Required textbook: *Social Psychology* (2007, 7th edition) by Kassir, Fein, & Markus.

Course format: This course will be delivered in an online format.

Course materials: Course notes, audio lectures, and other materials will be available on Blackboard Learn.

STUDENT EVALUATION

Journal discussion board postings: Because this is an online-only course, there are no chances for face-to-face contact, which eliminates one of the most important aspects of a course – the opportunity to ask questions and to participate in discussion. To foster a "classroom" environment, each student will be required to contribute to the class via discussion boards. Students in previous classes have really enjoyed this assignment.

Students will be required to post a journal on the discussion boards of Blackboard Learn. Each journal post will count for 8 points. Please see the "Social Psychology Journal" file on Blackboard Learn for a more detailed description of what is expected, as well as several example entries. We encourage you to check the discussion boards often.

Journal responses: Students are required to make 3 responses/comments on journals posted by classmates. Each comment you make will count for 1 point. Comments must be thoughtful – something like, "Oh yeah, dude, that's cool!" will not count. You could post something about a similar or different experience, or how you agree with the original poster and why, or questions you might have for the original poster. Comments are due before the next journal is due.
