

## Summary

*The Reason for God: Belief in an Age of Skepticism* is a 2008 book by Timothy Keller that seeks to provide a rational defense of the Christian faith. As such, it is a book on religion and society that falls within the subgenre of Christian apologetics. Keller (1950-2020) was the pastor of Redeemer Presbyterian Church in New York City and is the author of many notable works of popular Christian theology, with a particular focus on urban ministry and cultural engagement. He was a leading figure in his denomination, the Presbyterian Church in America, as well as a co-founder of The Gospel Coalition, an influential parachurch organization. *The Reason for God* reached seventh place on the New York Times bestseller list and was viewed as a timely and significant rebuttal of the best-selling works of the "new atheists" (e.g., Richard Dawkins, Daniel Dennett, Sam Harris, and Christopher Hitchens). Keller devotes his attention both to answering common objections from critics of Christianity as well as to providing rational reasons for believing the Christian faith.

This study guide uses the 2018 edition from Penguin Books.

### Summary

*The Reason for God* addresses seven common objections to the Christian faith (Part I of the book) and then provides arguments in favor of its veracity (Part II). While many books of Christian apologetics have attempted the same goal across the centuries, *The Reason for God* is uniquely marked in the background context of early 21st-century Western skepticism about religion.

Keller begins by addressing the widespread sense, held both by skeptics and by religious believers, that those on the opposite side of the debate are rising in power and influence in troubling ways. Keller agrees with both sides on this point, noting that surveys show an increase both in skepticism and in devout religious belief, with the middle of the spectrum—the marginally religious or uncommitted—showing the greatest losses. Part of Keller's goal is to offer an explanation to the growing skeptical population as to why the devoutly religious side is also growing, and to prompt them to critically consider their own position.
