Globalization Manfred B. Steger,2010 For many scholars and political activists globalization encompasses a variety of economic political cultural ideological and environmental practices that have accelerated in the last few decades Manfred Steger presents globalization in plain readable English as a multifaceted system encompassing global regional and local aspects of social life In addition to unpacking the term s various dimensions he investigates whether globalization is good or bad a question hotly debated in classrooms boardrooms and on the streets **Globalization** C. Gopinath,2023-01-17 *Globalization A Multi Dimensional System* provides a comprehensive understanding of the complex process of globalization and how it impacts nations organizations and individuals who operate in its environment C Gopinath addresses why some nations welcome its benefits whilst others seek protection from it and provides an insightful look into arguments for and against globalization *Dionysus Resurrected* Erika Fischer-Lichte,2014-01-07 *Dionysus Resurrected* analyzes the global resurgence since the late 1960s of Euripides The Bacchae By analyzing and contextualizing these modern day performances the author reveals striking parallels between transformational events taking place during the era of the play s revival and events within the play itself Puts forward a lively discussion of the parallels between transformational events during the era of the play s revival and events within the play itself The first comparative study to analyse and contextualize performances of The Bacchae that took place between 1968 and 2009 from the United States Africa Latin America Europe and Asia Argues that presentations of the play not only represent liminal states but also transfer the spectators into such states Contends that the play s reflection on various stages of globalization render the tragedy a contemporary play Establishes the importance of The Bacchae within Euripides work as the only extant tragedy in which the god Dionysus himself appears not just as a character but as the protagonist **Medici Women** Jennifer Sumner,Gabrielle Langdon,2006-01-01 Sustainability and the Civil Commons moves beyond rural roots to build a comprehensive understanding of sustainability that combines global reach with local focus **A Modern Introduction to Theology** Philip Kennedy,2009-09-22 Philip Kennedy here offers the

first book that any student with or without religious convictions can profitably use to get quickly to grips with the essentials of the Christian religion its history and its key thinkers its successes and its failures Most existing undergraduate textbooks of theology begin from essentially traditional positions on the Bible doctrine authority interpretation and God What makes Philip Kennedy's book both singularly important and uniquely different is that it has a completely new starting point The author contends that traditional Christian theology must extensively overhaul many of its theses because of a multitude of modern social historical and intellectual revolutions Offering a grand historical sweep of the genesis of the modern age and writing with panache and a magisterial grasp of the relevant debates conflicts and controversies A Modern Introduction to Theology moves a tired and increasingly incoherent discipline in genuinely fresh and exciting directions and will be welcomed by students and readers of the subject

Entertainment Theology (Cultural Exegesis) Barry Taylor, 2008-03-01 It is the end of the church as we know it In a digitally connected world people are seeking spiritual answers through pop culture Instead of retreating Christians must rethink the sacred and enter global conversations about God in film literature TV and music or face extinction argues Barry Taylor in Entertainment Theology Taking snapshots from theology cultural studies sociology and pop culture Taylor explores a myriad of factors affecting religious life since the 1970s including technology fashion celebrity and global communications He exhorts a move away from traditional Christian religion proposing instead a manifestation of Christianity as a religion not of the past but of the present and the future For scholars seminary students culture watchers and emerging church readers Entertainment Theology offers thought provoking hope for Christianity's future
