Brexit and Agriculture Ludivine Petetin,Mary Dobbs,2022-01-31 Acknowledging the challenges and opportunities raised by Brexit for the agrifood supply chain and agricultural policies across the UK this book provides the first in depth analysis of agricultural policy developments across the UK s four nations rooted in strong theoretical and practical underpinnings Arguing that the four nations could be more ambitious in departing from the Common Agricultural Policy and extending beyond the public money for public goods approach adopted across the UK it critiques the core attributes of their policies with focuses including the debate over outcome based schemes

governance mechanisms impacts on farm diversity and path dependency on the Common Agricultural Policy and English approaches It promotes a resilient agriculture paradigm and utilises social ecological services net zero agroecology and agri food democracy as the main pathways to achieve this In doing so it scrutinises the evolving contextual political and legal landscape within which devolved and UK agricultural policies are developing from a multilevel governance perspective examining the implications of WTO law for the UK and its devolved administrations to determine environmental food and animal welfare standards under the GATT the SPS and TBT Agreements and financial support schemes under the Agreement on Agriculture The book assesses the significance of the Northern Ireland Protocol the Trade and Cooperation Agreement with the EU and other free trade agreements for standards across the UK and access to markets From a domestic perspective challenges to devolution and the stability of the Union are highlighted Elements of unilateral recentralisation are visible via financing mechanisms the UK Internal Market Act and the Agriculture Act The book s interdisciplinary nature makes it of interest to lawyers political scientists economists human geographers and scientists as well as policymakers agricultural communities civil society organisations and think tanks in the devolved administrations the UK the EU and beyond

Gospel Without Borders Jim Rotholz, 2015-03-04 To what degree does culture facilitate or distort the Christian faith the gospel of Jesus and the life of the church In America the distortion is enormous Gospel Without Borders carefully examines the complex intersection of culture and faith in America providing insights that allow for better understanding and a more genuine experience of biblical and historic Christianity Gospel Without Borders analyzes the formative and interactive roles that human nature and cultural history play in contemporary expressions of Christianity in America It outlines their profound but little appreciated influence upon the shape and scope of Christian faith within society at large the church and the lives of individuals The study illuminates the dimensions of a largely unheralded gospel message characterized by unimpeded faith that fully accords with the kingdom Jesus stridently proclaimed It outlines the dimensions of faith freed from the disappointing forms of culturalized Christianity that always prove insufficient on a personal level and woefully inadequate to the demands of contemporary life within our globalizing world Today s world can only be effectively impacted through a gospel without borders a compelling gospel most Americans have yet to hear and too many Christians of every cultural and denominational background have yet to fully embrace

Territorial Cohesion in Rural Europe Andrew Copus, Philomena de Lima, 2014-08-13 This book reflects on how the economies social characteristics ways of life and global relationships of rural areas of Europe have changed in recent years This reveals a need to refresh the concepts we use to understand measure and describe rural communities and their development potential This book argues that Europe has outgrown many of the stereotypes usually associated with it with substantial implications for European Rural Policy Rural structural change and its evolving geography are portrayed through regional typologies and the concept of the New Rural Economy Demographic change migration business networks and agricultural restructuring are each explored in greater detail

Implications for equality and social exclusion and recent developments in the field of governance are also considered Despite being a subject of active debate interventions in the fields of rural and regional development have failed to adapt to changing realities and have become increasingly polarized This book argues that rural regional policy needs to evolve in order to address the current complex reality partially reformulating territorial or place based approaches and the New Rural Paradigm following a set of principles termed Rural Cohesion Policy
