How Your Congregation Learns Tim Shapiro, 2017-06-09 Change isn't always easy or intuitive. *How Your Congregation Learns* introduces churches and leaders both lay and ordained to the process of the learning journey. By understanding learning dynamics and working to become a learning community, the congregation will be able to move more purposefully to achieve its goals. Congregations face many kinds of challenges. Some are mundane: the roof leaks, the parking lot needs repaving, the microphones don't work well. Some tests are transcendent: How should lives be honored? What is God calling the congregation to do and be? How can generosity be taught? Throughout life, people face challenges for which they are not prepared: the death of a parent, a new job offer, making a decision about where to live. So it goes that congregational leaders face challenges that are just beyond the grasp of their abilities. This book addresses the just-beyond-the-grasp challenges and shows how real congregations can learn from them.

Evangelicalism and the Transformation of Africa Jacob K. Olupona,2025 What is the impact of Evangelical Christianity on Africa Evangelical Christianity and the Transformation of Africa will answer this question Evangelical Christianity is manifesting into a strong presence in African states perhaps more than in any other place in the world Given its exponential rise in Africa it is increasingly clear that Christianity in its evangelical form is exercising significant influence in virtually all spheres of life defining the essence of public and private life Drawing on original works from leading scholars in humanities and social science disciplines such as Afe Adogame Yolanda Covington Ward Jacob Olupona Derek Peterson Shobana Shankar and Nimi Wariboko this volume endeavors to produce a comprehensive study of Evangelical Christianity in Africa paying careful attention to disciplinary interconnections as well as social cultural political and economic forces Among other subjects essays in this volume address examples of evangelical subjectivity and identity formation against the current political backdrops of Nigeria Kenya the Democratic Republic of Congo and other nations While the book works to convey the core elements of the evangelical movement across the African continent it recognizes the importance of its diverse manifestations giving additional focus to Pentecostal groups and their distinct social cultural and political engagements At the same time it works to correct the unwarranted saturation of attention given to Pentecostal Charismatic movements in recent scholarship and expands the study of evangelicalism in Africa into the sphere of mainline churches and extra ecclesial organizations Authors also reflect on the ways that the African diaspora and transnational ties contribute to the make up of contemporary African evangelicalism In short this edited volume examines how the centrality of religion in African affairs political economic cultural ideological domains has contributed to turning Evangelical Christianity into the official face of the Christian Church in Africa today **The Christian Messenger** ,1833 **The Messenger** ,1958 **New Creation Church Pattern** Nkonzenhle Ndwandwe,2017-10-20 We find ourselves in a generation where the integrity of the Word of God is compromised in ways that make it challenging to identify the true gospel and set it apart from all the pseudo Christian practices In this era men have granted themselves an authority above scripture and the Word Many practices and giftings

have been adopted in the church in the name of the Holy Spirit This book helps us to understand that there is one message committed to the church This would automatically help us to discern every practice and teaching which is not aligned to that of the New Testament church This book also encourages the believer to stick to his her purpose and to faithfully fulfill their God given assignment In addition to that the book aims to simplify the pattern of the new testament church as taught in the epistles and it covers various fundamental subjects which affect the proper functioning of the local church **No Grammar Tears 1** Marthus-Adden Zimboiant,2013-08-05 First of all other I find No Grammar Tears very informative What amazes me is the kind of dedication and patience Marthus Adden spent in writing this book This is because this kind of genre actually needs full attention Truly whatever he has written is precise and correct I really admire his generosity of sharing his knowledge about English owing to the fact that English is his second language What is good about the book is that the writer wrote it in a manner that readers can easily understand it In other words what makes this book different from the other English grammar books in the market is that it is more user friendly which means he wrote it in a manner that can easily be understood especially by those who just learned English and want to learn more Correctly put this book is a guide to those who wants to learn English on their own As a matter of fact he has a knowledge check in every subject he has discussed in this book He catered everything especially in the part on how to construct sentences which are very precise and which make it very easy to learn the book He did not change anything at all in terms of the right way to speak and learn English but instead he made it easier and more convenient for those people whose English is not their first language In point of fact he wrote this book not because he wants to show off to the world that he is a good grammarian but because he wants to help those struggling to learn English The book therefore deserves recognition because he is actually giving a favour to those who can t afford to have a private tutor to teach them how to speak English correctly I must in conclusion admit that this book will really help those people who want to learn English language those people who are striving to speak perfect English and those people that English is their second language I will therefore commend the author for this book *The Advance* Charles H.
