The Magic of Onions - Onions in Cuisine to Cure and to Heal John Davidson,2013-05-15 The Magic of Onions Onions in Cuisine to Cure and to Heal Table of Contents Introduction Knowing More about Onions Perfect Salad Recipe How to Grow Onions Planting an onion How and When To Harvest Onions Traditional Onion Recipes Traditional Onion Soup Croutons Cream of Onion Soup Curry Powder Recipe Traditional chicken Meat stock with onions Traditional Onion Pickle Kashmir Spice Mix Garam Masala Recipe Meat Doh Pyazah Literally Meat Two Onions Traditional Onion Mixed grain Bread Farmers Onion Chutney Traditional Buttermilk Sweet and Sour Onions French Style Clarified Butter How to dry onions Conclusion Author Bio Introduction Knowing More about Onions Is there really Magic in onions you may say because according to you onions are those sharp and pungent smelling vegetables which you normally do not allow within smelling distance of your nose and kitchen It is possible that you have been brought up with a feeling that onion and garlic those odoriferous pungent smelling herbs are not acceptable in select circles Did you know that the United States is the third largest producer of onions in the world after China and India and followed by Egypt Iran and Turkey But then there was a time when onions grew and still grow wild all over the lands of the USA and Canada The Native Americans enjoyed wild onions and the Pilgrim fathers planted the onion plant first and foremost before corn on American soil in 1658 That was because they knew a freshly pulled out onion from their garden added this bit of piquancy to their meals The onions eaten by men more than 5000 years ago

according to archaeological findings may have been wild onions but 3000 years ago Egyptians were writing about cultivated onions and the important part this healing herb played in their food Egyptian workers building Khufu's pyramids ate these onions along with horse radishes in copious quantities 3000 years ago Incidentally they were not slaves They were free Egyptians A majority of them were farmers who were asked by Khufu and afterwards Ramses Soser and other pharaohs to help build pyramids during the seasons when the Nile was not in flood to help cultivate their fields So instead of sitting idly in their fields they glorified in taking part in the building of monuments which would magnify the pride of Egypt and their Pharaohs throughout the world There were no slave drivers with whips and lashes to make them sweat whatever Mr Cecil DeMille may want us to think The diet of these farmers pyramid workers was onions with herbs and horse radishes bread made up of freshly ground corn and beer They did not mind spending a part of their year building pyramids for their Kings who appreciated their hard work by allowing them grain from the nation's granaries These Egyptians knew all about the value of onions and worshiped them as a symbol of eternal life in many circles Ancient Egyptians had onions placed on their eyes before embalming or mummifying and burial so that they could enter the circle of eternal life With daily portions of Onions salt and herbs Roman soldiers were happy Roman soldiers also included onions in their diet especially in the evenings when they ate onions with red cayenne peppers and the salt they got as salary for the day's work In medieval times onions were held to be so precious in many parts of the world that landlords demanded onions as rent in lieu of coin from their tenants
