The 4th BIS brought up 'The Innovation Chain: A Contribution to Society and Industry' as the main theme to respond to this condition. This conference is expected to support the UN Agenda. Additionally, this conference will also provide avenues for participants to exchange ideas and network with each other, as well as domain experts from their fields. Overall, this event is aimed at professionals across all spheres of technology and engineering, including the experienced, inexperienced, and students as well. The conference will be held virtually on Wednesday, December 21st, 2022, in Magelang, Central Java, Indonesia.
