Scouting Report Johan Santana:

2005 Fantasy Baseball Scouting Report: for 5x5 AL Only Leagues Henry Lee, 2005 What differentiates this new series of books from the books and magazines people have used in the past is that each of the six books focuses on a different league 5x5 mixed AL only NL only 4x4 mixed AL only and NL only The projections and dollar values for players can vary up to 50% from league to league Drafting with the help of a magazine not tailored to your league specifications is a recipe for disaster yet millions of people do so every year With your Fantasy Scouting Report in hand you can rest assured that your projections are accurate Each book also has special Quick Lists designed to help you find what you need in the limited time you have between picks Players are ranked by actual scoring category points so you can compare players intelligently and quickly Categories like ERA WHIP and BA are weighted for IP and AB vitally important but often overlooked Also included is a unique quantitative analysis of the best prospects for 2005 A Scout's Report George Genovese, Dan Taylor, 2015-10-14 Many in baseball consider the scout to be the most important figure in any organization It is the scout's work in the high school and college bleachers that unearths future legends Few have achieved more and in such grand style than George Genovese In a game that values numbers Genovese's are staggering No other scout has been responsible for more players in a single lineup more home runs by players signed or more All Star and World Series highlights than Genovese Genovese's eye for talent is unmatched his advocacy for the players he discovers is unrivaled and the investment he makes toward their success is a difference maker This autobiography is the story of his seven decades in baseball as a player manager and scout
