Writing to inform, explain & describe

This newspaper project is an opportunity to present a collection of written works that you will be producing as our class moves through John Steinbeck's *Of Mice and Men*. You should present these works in a local newspaper designed to be read by people living in the 1920s or 1930s in the vicinity of Soledad/ the ranch/ surrounding towns. Included in your newspaper will be the following items:

- 1) Two work wanted ads: one for George, one for Lenny
- 2) One letter-to-the-editor (written by a character)
- 4) One obituary
- 5) One front page news article (detailing a key event at the ranch)
- 6) One opinion column (expressing and supporting an opinion about a key societal issue)

Adding small extra items (sports results, photos, etc.) will add to the overall effect of your presentation. This project must be word-processed and should fit on two double-sided sheets of A4 paper. Further instructions will be given about each individual news item later.

Scott Fitzgerald, Sigmund Freud, Robert Frost, Ernest Hemingway, Langston Hughes, Zora Neale Hurston, Sinclair Lewis, Eugene O'Neill, Ezra Pound, Gertrude Stein, and more. **Teaching Literature to Adolescents** Richard Beach, Deborah Appleman, Bob Fecho, Rob

Simon, 2016-03-10 This popular textbook introduces prospective and practicing English teachers to current methods of teaching literature in middle and high school classrooms. It underscores the value of providing students with a range of different critical approaches and tools for interpreting texts and the need to organize literature instruction around topics and issues of interest to them. Throughout the textbook, readers are encouraged to raise and explore inquiry-based questions in response to authentic dilemmas and issues they face in the critical literature classroom. New in this edition, the text shows how these approaches to fostering responses to literature also work as rich tools to address the Common Core English Language Arts Standards. Each chapter is organized around specific questions that English educators often hear in working with pre-service teachers. Suggested pedagogical methods are modeled by inviting readers to interact with the book through critical inquiry methods for responding to texts. Readers are engaged in considering authentic dilemmas and issues facing literature teachers through inquiry-based responses to authentic case narratives. Schultz, Luchen Li, 2005 Celebrates the American writer who in his works confronted and explored the social fabric of the United States in the early 20th century. The Apalachee Diary, 1958 **The Myth of Alzheimer's** Peter J. Whitehouse, Daniel George, 2008-12-09 Dr. Peter Whitehouse will transform the way we think about Alzheimer's disease. In this provocative and ground-breaking book, he challenges the conventional wisdom about memory loss and cognitive

impairment questions the current treatment for Alzheimer's disease and provides a new approach to understanding and rethinking everything we thought we knew about brain aging. The Myth of Alzheimer's provides welcome answers to the questions that millions of people diagnosed with Alzheimer's disease and their families are eager to know: Is Alzheimer's a disease? What is the difference between a naturally aging brain and an Alzheimer's brain? How effective are the current drugs for AD? Are they worth the money we spend on them? What kind of hope does science really have for the treatment of memory loss? And are there alternative interventions that can keep our aging bodies and minds sharp? What promise does genomic research actually hold? What would a world without Alzheimer's look like and how do we as individuals and as human communities get there? Backed up by research full of practical advice and information and infused with hope, THE MYTH OF ALZHEIMER'S will liberate us from this crippling label, teach us how to best approach memory loss and explain how to stave off some of the normal effects of aging.

Peter J. Whitehouse, M.D., Ph.D., one of the best known Alzheimer's experts in the world, specializes in neurology with an interest in geriatrics and cognitive science and a focus on dementia. He is the founder of the University Alzheimer Center, now the University Memory and Aging Center at University Hospitals Case Medical Center and Case Western Reserve University, where he has held professorships in the neurology, neuroscience, psychiatry, psychology, organizational behavior, bioethics, cognitive science, nursing, and history. He is also currently a practicing geriatric neurologist. With his wife Catherine, he founded The Intergenerational School, an award-winning internationally recognized public school committed to enhancing lifelong cognitive vitality.

Daniel George, M.Sc., is a research collaborator with Dr. Whitehouse at Case Western Reserve University in Cleveland, Ohio, and is currently pursuing a Doctorate in Medical Anthropology at Oxford University in England.

I don't have a magic bullet to prevent your brain from getting older, and so I don't claim to have the cure for AD, but I do offer a powerful therapy, a new narrative for approaching brain aging that undercuts the destructive myth we tell today. Most of our knowledge and our thinking is organized in story form, and thus stories offer us the chief means of making sense of the present, looking into the future, and planning and creating our lives. New approaches to brain aging require new stories that can move us beyond the myth of Alzheimer's disease and towards improved quality of life for all aging persons in our society. It is in this book that your new story can begin.

Peter Whitehouse, M.D., Ph.D. The Island They Towed Away

Melvin Rea, 2014-08-01

A general election in Albion usually produces a clear winner, but when it does not, those who feel they should have won cannot resist the temptation to hold another one. Electorates, however, tend to be less enthusiastic a second time round, and politicians struggle to engage their attention. So when a distinguished personage suggested the weather was the root of all Albion's woes and that it might be a good idea to tow the island away, certain politicians find the suggestion irresistible. The Island They Towed Away tells of the unpredictable consequences of such an extraordinary solution to political apathy and of the trials and tribulations of the people of Albion as their island is subsequently towed from one unaccustomed mooring to another. It tells of the plots, ambitions, and machinations of politicians.
