he took greater and greater control of how his books were produced making the material form of the book including forewords blurbs covers part of the novel In his later novels including *Pale Fire* *Invitation of a Small Creature* and *Invitation of a Small Creature* the idea of the novelist losing control of his work became the subject of the novels themselves These plots were replicated in Nabokov's own biography as he discovered his inability to control the forces the market success of *Lolita* had unleashed With new insights into Nabokov's life and work this book reconceptualises the way we think about one of the most important and influential novelists of the twentieth century

Nabokov's Permanent Mystery David S. Rutledge, 2014-01-10 This critical text examines the ways in which Vladimir Nabokov one of the twentieth century's great writers structured his works to encapsulate his metaphysical beliefs It draws examples from Nabokov's novels stories and nonfiction revealing a startling consistency in his beliefs over the course of his career even as the structure of his novels increased in complexity At the heart of his work is a profound respect for what's missing for unsolvable riddles for questions even at the expense of answers Nabokov's techniques from wordplay to plotlines reveal an enduring reverence for permanent mystery

Thinking in Literature: Joyce, Woolf, Nabokov Anthony Uhlmann, 2011-07-28 Thinking in Literature examines how the Modernist novel might be understood as a machine for thinking and how it offers means of coming to terms with what it means to think It begins with a theoretical analysis via Deleuze Spinoza and Leibniz of the concept of thinking in literature and sets out three principle elements which continually announce themselves as crucial to the process of developing an aesthetic expression relation sensation and composition Uhlmann then examines the aesthetic practice of three major Modernist writers James Joyce Virginia Woolf and Vladimir Nabokov Each can be understood as working with relation sensation and composition yet each emphasize the interrelations between them in differing ways in expressing the potentials for thinking in literature

That Other World Azar Nafisi, 2019-06-25 The foundational text for the acclaimed international best seller *Reading Lolita in Tehran* Empathetic incisive A sweeping overview of Nabokov's major works Graceful and discerning Kirkus Reviews The ruler of a totalitarian state seeks validation from a former schoolmate now the nation's foremost thinker in order to access a cultural cache alien to his regime A literary critic provides commentary on an unfinished poem that both foretells the poet's death and announces the critic's secret identity as the king of a lost country The greatest of Vladimir Nabokov's enchanters Humbert is lost within the antithesis of a fairy story in which *Lolita* does not hold the key to his past but rather imprisons him within the knowledge of his distance from that past In this precursor to her international best seller *Reading Lolita in Tehran* Azar Nafisi deftly explores the worlds apparently lost to Nabokov's characters their portals of access to those worlds and how other worlds hold a mirror to Nabokov's experiences of physical linguistic and recollective exile Written before Nafisi left the Islamic Republic of Iran and now published in English for the first time and with a new introduction by the author this book evokes the reader's quintessential journey of discovery and reveals what caused Nabokov to distinctively shape and reshape that journey for the author
