Markets Karla P. Delgado, 2004 *Encyclopaedia of Southeast Asia and Its Tribes* Shiv Shanker Tiwary, Rajeev Kumar, 2009

Southeast Asia is a region where one can find many similarities between different countries. Southeast Asia has never been in any sense an isolated or self-contained unit. Because of its crossroads situation on the map of Asia, it has always been peculiarly exposed to external influences; it has been a meeting ground of commerce, cultures, civilization. *Transpacific Engagements* Florina H. Capistrano-Baker, Meha Priyadarshini, 2020-01-01

Between the sixteenth and nineteenth centuries, competing European empires—namely Spain, Portugal, Great Britain, the Netherlands, Germany, France, Belgium, and others—vied for commercial and political control of transoceanic networks, particularly the transpacific routes between Asia and the Americas. The essays in *Transpacific Engagements: Trade, Translation, and Visual Culture of Entangled Empires, 1565–1898* address the resulting cultural and artistic exchanges with an emphasis on both the Spanish and American enterprises in the Asia-Pacific region. The essays are grouped into three parts: entitled *Entangled Empires*, *Empires and Translations*, and *Empires and Trade*. A common thread in the diverse perspectives presented here is the importance of transpacific engagements to the global connections of the sixteenth century and beyond. While the focus is on the specific connection between the Asia-Pacific region and the Americas through the Philippines, we see how other parts of the world—namely South and Southeast Asia and Europe—were also participants impacted by these transpacific linkages. The goal is to convey the complexity of entangled networks of commercial, political, and religious interests that complicate the Spanish enterprise in the Pacific. Commercial ventures into Canton and Manila by the early American republic, for example, overlapped with and later replaced the Spanish galleons. East, South, and Southeast Asian polities and dynasties remained powerful players in what were often multilateral rather than bilateral exchanges. Contributors to this volume are based in Asia, the Americas, and Europe.
