Why the Universe Is the Way It Is (Reasons to Believe) Hugh Ross, 2010-06-01 Increasingly astronomers recognize that if the cosmos had not unfolded exactly as it did humanity would not could not exist Yet these researchers along with countless ordinary folks resist belief in the biblical Creator Why They say a loving God would have made a better home for us one without trouble and tragedy In Why the Universe Is the Way It Is Hugh Ross draws from his depth of study in both science and Scripture to explain how the universe s design fulfills several distinct purposes He also reveals God s surpassing love and ultimate purposes for each individual Why the Universe Is the Way It Is will interest anyone who wonders where and how the universe came to be what or who is responsible for it why we are here or how and when the universe ends Far from leaving the reader at this philosophical jumping off point Ross builds toward answering the big question of human destiny and the specific question of each reader s personal destiny
