Albrecht, Martha Christine Dow, Darryl Plecas, Dilip K. Das, 2014-11-20 Whenever a major event requires police intervention questions are raised about the nature of the police response Could the police have prevented the conflict been better prepared reacted more quickly Could they have acted more forcefully or brought the altercation under control more effectively Based upon real case studies of events from all *Abolishing Surveillance* Chris Robé, 2023-09-05 The Department of Justice sought information on all who visited the DisruptJ20 org website for Donald Trump s inauguration Undercover agents infiltrate BlackLivesMatter protests Police routinely command bystanders to stop filming them by falsely claiming it is a crime Agricultural states like Iowa Idaho Utah and Wyoming enact laws that criminalize the filming of factory farm cruelty while allowing other the human animal suffering to continue unabated Dissent and poverty are increasingly criminalized by the state as precarity grows

Abolishing Surveillance offers the first in depth study of how various communities and activist organizations are resisting such efforts by integrating digital media activism into their actions against state surveillance and repression and for a better world The book focuses on a wide array of movements within the United States such as Latinx copwatching groups in New York City Muslim and Arab American communities in Minneapolis undercover animal rights activists and counter summit protesters to explore the ways in which government surveillance and repression impacts them and more importantly their different but related online and offline tactics and strategies employed for self determination and liberation Digital media production becomes a core element in such organizing as cell phones and other forms of handheld technology become more ubiquitous Yet such uses of technology can only be successfully employed when built upon strong grassroots organizing that has always been essential for social movements to take root Neither idealizing nor disparaging the digital media activism explored within its pages Abolishing Surveillance analyzes the successes and failures that accompany each case study The book explores the historically shifting terrain since the 1980s to the present of how historically disenfranchised communities activist organizations and repressive state institutions battle over the uses of digital technology and media making practices as civil liberties community autonomy and the very lives of people and other than human animals hang in the balance

The Policing Machine Tony Cheng,2023-12-13 A revelatory look at how the NYPD has resisted change through strategic and selective community engagement The past few years have seen Americans express passionate demands for police transformation But even as discussion of no knock warrants chokeholds and body cameras has exploded any changes to police procedures have only led to the same outcomes Despite calls for increased accountability police departments have successfully stonewalled change In The Policing Machine Tony Cheng reveals the stages of that resistance offering a close look at the deep engagement strategies that NYPD precincts have developed with only subsets of the community in order to counter any truly meaningful democratic oversight Cheng spent nearly two years in an unprecedented effort to understand the who and how of police community relationship building in New York City documenting the many ways the police strategically distributed power and privilege within the community to increase their own public legitimacy without sacrificing their organizational independence By setting up community councils that are conveniently run by police allies handing out favors to local churches that will promote the police to their parishioners and offering additional support to institutions friendly to the police the NYPD like police departments all over the country cultivates political capital through a strategic politics that involves distributing public resources offering regulatory leniency and deploying coercive force The fundamental challenge with police community relationships Cheng shows is not to build them It is that they already exist and are motivated by a machinery designed to stymie reform

Fight the Power Clarence Taylor,2021-04-01 A story of resistance power and politics as

revealed through New York City's complex history of police brutality. The 2014 killing of Michael Brown in Ferguson, Missouri, was the catalyst for a national conversation about race, policing, and injustice. The subsequent killings of other black, often unarmed, citizens led to a surge of media coverage which in turn led to protests and clashes between the police and local residents that were reminiscent of the unrest of the 1960s. *Fight the Power* examines the explosive history of police brutality in New York City and the black community's long struggle to resist it. Taylor brings this story to life by exploring the institutions and the people that waged campaigns to end the mistreatment of people of color at the hands of the police, including the black church, the black press, black communists, and civil rights activists. Ranging from the 1940s to the mayoralty of Bill de Blasio, Taylor describes the significant strides made in curbing police power in New York City, describing the grassroots street campaigns as well as the accomplishments achieved in the political arena and in the city's courtrooms. Taylor challenges the belief that police reform is born out of improved relations between communities and the authorities, arguing that the only real solution is radically reducing the police domination of New York's black citizens.

Police Practices and Civil Rights in New York City Mary Frances Berry, 2000-12. On May 26, 1999, the U.S. Commission on Civil Rights conducted a hearing in New York City to examine current police practices, police-community relations, civilian complaints.

The 9/11 Commission Report National Commission on Terrorist Attacks, 2011-05-16. Nearly three thousand people died in the terrorist attacks of September 11, 2001. In Lower Manhattan, on a field in Pennsylvania, and along the banks of the Potomac, the United States suffered the single largest loss of life from an enemy attack on its soil. In November 2002, the United States Congress and President George W. Bush established by law the National Commission on Terrorist Attacks Upon the United States, also known as the 9/11 Commission. This independent bipartisan panel was directed to examine the facts and circumstances surrounding the September 11 attacks, identify lessons learned, and provide recommendations to safeguard against future acts of terrorism. This volume is the authorized edition of the Commission's final report.

Policing and Minority Communities James F. Albrecht, Garth den Heyer, Perry Stanislas, 2019-07-31. This insightful book examines the allegations against the professionalism, transparency, and integrity of law enforcement toward minority groups from a global perspective. It addresses the challenges inherent in maintaining strong ties with members of the community and draws attention to obstacles in ensuring public confidence and trust in rule-of-law institutions. Most importantly, the book provides insight into mechanisms and proposals for policy reform that would permit enhanced police-community partnership, collaboration, and mutual respect. Acknowledging the consistency of this concern despite geographic location, ethnic diversity, and religious tolerance, this book considers controversial factors that have caused many groups and individuals to question their relationship with law enforcement. The book examines the context of police-community relations with contributed research from Nigeria, South Africa, Kosovo, Turkey, New Zealand,

Mexico Scandinavia and other North American and European viewpoints It evaluates the roles that critical factors such as ethnicity political instability conflict colonization mental health police practice religion critical criminology socialism and many other important aspects and concepts have played on perceptions of policing and rule of law A valuable resource for law enforcement practitioners and researchers policy makers and students of criminal justice Policing and Minority Communities Contemporary Issues and Global Perspectives confronts crucial challenges and controversies in policing today with quantitative and qualitative research and practical policy recommendations **Devil's Bridge** Linda
