

Exercise 6.6

It should be good enough to check just a few of the possibilities. It would be wise to check the boundaries as well as at least one non-boundary value. Examples of times to test: 9, 13, 17

Exercise 6.7

Yes, it is possible to use the same appointment object at different times within a single day.

The tests are not as legitimate anymore, because we can no longer see the difference between the objects (because there is none) and therefore we can't be sure that the appointments are in the correct time slots.

It would make sense to use the same appointment object if you have a recurring appointment. For instance you might have a daily meeting with someone.

Exercise 6.8

Several of the tests will fail.

makeAppointment only uses the starting time of an appointment to check if the slot is free, and it can therefore overwrite other appointments or exceed the boundary (which results in an exception). For instance, try booking a two-hour appointment at 1700 or one at 0900 when the 1000 time is already booked.

Exercise 6.9

	Positive	Negative
6.1	X	
6.2	X	
6.3	X	
6.4		X
6.5	X	
6.6		X

Other negative tests:

- test how the application handles a 'null' object as an appointment.
- test zero and negative values for duration and time.

A positive test could be to test that appointments longer than one hour have the correct duration after being inserted.

Exercise 6.13

Objects First With Java Exercise Solutions

SB Merriam

Objects First With Java Exercise Solutions:

The book delves into Objects First With Java Exercise Solutions. Objects First With Java Exercise Solutions is an essential topic that must be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Objects First With Java Exercise Solutions, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Objects First With Java Exercise Solutions
 - Chapter 2: Essential Elements of Objects First With Java Exercise Solutions
 - Chapter 3: Objects First With Java Exercise Solutions in Everyday Life
 - Chapter 4: Objects First With Java Exercise Solutions in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, this book will provide an overview of Objects First With Java Exercise Solutions. This chapter will explore what Objects First With Java Exercise Solutions is, why Objects First With Java Exercise Solutions is vital, and how to effectively learn about Objects First With Java Exercise Solutions.
 3. In chapter 2, this book will delve into the foundational concepts of Objects First With Java Exercise Solutions. This chapter will elucidate the essential principles that need to be understood to grasp Objects First With Java Exercise Solutions in its entirety.
 4. In chapter 3, the author will examine the practical applications of Objects First With Java Exercise Solutions in daily life. This chapter will showcase real-world examples of how Objects First With Java Exercise Solutions can be effectively utilized in everyday scenarios.
 5. In chapter 4, the author will scrutinize the relevance of Objects First With Java Exercise Solutions in specific contexts. This chapter will explore how Objects First With Java Exercise Solutions is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about Objects First With Java Exercise Solutions. The final chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Objects First With Java Exercise Solutions.
