Signs Laura Lynne Jackson, 2019 Laura Lynne Jackson is a psychic medium and the author of the New York Times bestseller *The Light Between Us*. She possesses an incredible gift: the ability to communicate with loved ones who have passed, convey messages of love and healing, and impart a greater understanding of our interconnectedness. Though her abilities are exceptional, they are not unique, and that is the message at the core of this book. Understanding the secret language of the universe is a gift available to all. As we learn to ask for and recognize signs from the other side, we will start to find meaning where before there was only confusion; we will see light in the darkness. We may decide to change paths, push toward love, pursue joy, and engage with life in a whole new way. In *Signs*, Jackson is able to bring the mystical into the everyday. She relates stories of people who have experienced these uncanny revelations and instances of unexplained synchronicity, as well as those drawn from her own experience. There's the producer whose lost child appears to her as a deer that approaches her unhesitatingly at a highway rest stop, the name tag of an ER nurse that lets a terrified wife know that her husband will be okay, the Elvis Presley song that arrives at the exact time of her own father's passing, and many others. This is a book that is both inspiring and practical, deeply comforting and wonderfully motivational in asking us to see beyond ourselves to a more magnificent universal design.

The Hidden Language of Baseball Paul Dickson, 2019-09-01 Baseball is set apart from other sports by many things, but few are more distinctive than the intricate systems of coded language that

govern action on the field and give baseball its unique appeal During a nine inning game more than one thousand silent instructions are given from catcher to pitcher coach to batter fielder to fielder umpire to umpire and without this speechless communication the game would simply not be the same Baseball historian Paul Dickson examines the rich legacy of baseball s hidden language offering fans everywhere a smorgasbord of history and anecdote Baseball s tradition of signing grew out of the signal flags used by ships and hand signals used by soldiers during battle and were first used in games during the Civil War The Hartford Dark Blues appear to be the first team to steal signs introducing a larcenous obsession that as Dickson delightfully chronicles has given the game some of its most historic and outlandish moments In this revised and expanded edition through the 2018 season Dickson discusses recent developments and incidents including the illegal use of new technology to swipe signs A roster of baseball s greatest names and games past and present echoes throughout making The Hidden Language of Baseball a unique window on the history of our national pastime
