The Constitutional Convention COMPLETE UNIT GUIDE PACKET

Overview

The Constitutional Convention took place from 1787 to 1791 in Philadelphia. Although the Convention was originally called to revise the Articles of Confederation, it ended up creating the current U.S. Constitution. The Convention was a pivotal moment in American history, as it established the framework for the nation's government.

The Convention was held in the Independence Hall in Philadelphia. The delegates, known as the Framers, debated and drafted the Constitution. The Constitution was signed on September 17, 1787. It is the supreme law of the United States and outlines the structure and powers of the federal government.

The Constitution is divided into seven articles. The first three articles establish the three branches of government: the Executive, the Legislative, and the Judicial. The last four articles deal with the relationship between the federal government and the states, the process of amending the Constitution, and the powers of Congress.
