

CHAPTER 10 -

Section 1 Guided Reading, pp 173-183

1. The North pp 173-176

Read the first two paragraphs on page 173. Why was the nation fragile?

The nation was fragile because many citizens resisted giving up powers to a national government and the first two parties, Feds and DemoRepubs, expressed strong regional differences.

What does Daniel Webster refer to in his quote at the top of the page?

He talks about the 3 different US regions and how they are about to be thrown into a war with each other.

The North

made of two parts- Northeast which included NE and Middle Atlantic states and the old Northwest Minnesota-Ohio; northern states bound together by transportation routes and rapid economic growth based on farming and industrial innovation; majority still involved in agriculture; most populous bc of high birth rate and increased immigration

The Industrial Northeast

before, industrial Rev, centered in textile industry but by 1830's northern factories were producing wide range of goods

Organized Labor

people becoming dependent on wages earned in factories; common problems of long hours, low pay, and poor conditions, urban workers in diff cities organized both unions and local political parties to protect interests

Urban Life

population growth in North; slums expanded as result; crowded housing, disease, poor sanitation, and higher crime rate; new opportunities in cities offered by Industrial Rev continued to attract Native born Americans from farms and immigrants from Europe

African Americans

constituted only 1% of northerners but represented 50% of all free African Americans; gave them ability to have families and maybe own land but no right to economic or political equality; racial prejudice kept them from voting and holding jobs so immigrants displaced them; blacks denied membership in unions so often were hired as strikebreakers and dismissed after strike ended

The Agricultural Northwest

Old Northwest consisted of 6 states admitted to union before 1860; states came from territories formed out of land ceded to national govt; procedure for turning these territories into states was part of Northwest ordinance; region became closely tied to other northern state by military
