Jean Phillips

Section 1 Labor Market Trends Answers:

Labor Literature, Index of Periodical Articles, 1979 **Strategic Staffing** Jean Phillips, 2019-01-15 Formerly published by Chicago Business Press now published by Sage Strategic Staffing 4e prepares all current and future managers to take a strategic and modern approach to the identification attraction selection deployment and retention of talent Organizations increasingly realize that their employees are the key to executing their business strategies and the current competition for talent has made the identification and attraction of high performing employees essential for companies to succeed in their marketplaces The right employees give their organization a competitive advantage that sets it apart and drives its performance In today s business environment a company s ability to execute its strategy and maintain its competitive edge depends even more on the quality of its employees And the quality of a company s employees is directly affected by the quality of its recruiting and staffing systems Because hiring managers are involved in the staffing process hiring managers and human resources HR professionals need to be familiar with strategic staffing techniques Over the past 10 years advancing technology and the increased application of data analytics have changed the practices of sourcing recruiting and staffing Strategic Staffing 4e is grounded in research communicates practical and modern staffing concepts and the role of staffing in organizational performance and is engaging to read The new edition contains updates to many sections on the roles of technology and analytics and adds more focus to the discussion of ethics that was added to the fourth edition New research findings were also incorporated and many company examples were updated The fifth edition of Strategic Staffing continues to present up to date staffing theories and practices in an interesting engaging and easy to read format **Publications of the Bureau of Labor Statistics** United States. Bureau of Labor Statistics, 1976

Globalization, Uncertainty and Late Careers in Society Hans-Peter Blossfeld, Sandra Buchholz, Dirk Hofäcker, 2006-09-27 Globalization has been strongly shaping and transforming both national economies and individual careers in recent decades These profound changes have had significant consequences for individual careers of men and women both during and after their employment career This impressive new collection focuses on the effects of the globalization process on late midlife workers and the exit from employment a relationship that has up to now mostly been neglected in social science literature on aging and employment The research documented within these pages poses several important questions Has globalization produced fundamental shifts in late midlife workers labor market participation and late careers What transformations in old age career mobility can we observe How are these transformations filtered by different national institutional settings With an impressive array of contributions this volume will interest students and academics involved in the study of sociology welfare and globalization **Young People and the Labour Market** Floro Caroleo, Olga Demidova, Enrico Marelli, Marcello Signorelli, 2017-11-20 Young people are a vulnerable category of workers finding themselves in a delicate phase of their working life their first entry into the labour market In many European

countries youngsters are unemployed or have difficulty finding and obtaining jobs This situation has deteriorated particularly after the crises recessions and stagnation that has impacted European economies in recent years In addition to the cyclical or crisis impact structural factors are also very important Additionally prolonged crises as in some Eurozone countries have transformed a significant part of cyclical unemployment in structural long term unemployment Young People and the Labour Market A Comparative Perspective explores the condition of young people in the labour market The authors present new evidence from several countries with a special focus on Europe and offer a comparative perspective They investigate questions such as which structural conditions and labour market institutions guarantee better youth performance which education systems and school to work processes are more effective and in which countries is gender differentiation less of an issue All of the aforementioned as well as many other comparisons which the authors make are significant in helping to facilitate the successful design of labour and education policies As the first investigation by economists to explore the complexity of this topic this book will be useful to both economists and sociologists who are interested in the role of young people in the labour market and the problem of youth unemployment **Statistical Reference Index** ,1990

Employment Security Review ,1954 **Employment Service Review** ,1966 **Congressional Record** United States.
