

Know your rock.

Your PET ROCK didn't come out of any old rock pile, you know! There is nothing common about genuine, pedigreed PET ROCKS. They descend from a long line of famous rocks. Their ancestors can be found amongst the rubble of the pyramids; the cobblestone streets of ancient European cities; the Great Wall of China. PET ROCKS descend in one unbroken line that can be traced back to the beginning of time and even farther.

PET ROCKS are found with the aid of a specially-trained Rock Hound. They are then examined for congenital defects prior to intelligence evaluations. Only rocks that have demonstrated a strong capacity for learning and obedience are allowed to wear the name PET ROCK. Upon passing initial tests they are prepared for

shipping, packed into their little boxes, and sent throughout the world to anxious owners.

Your rock is an individual.
