

Positioning her chin to the outer shoulder and looking back at the camera adds a feminine touch.

Both shoulders are back.

Both hands are visible.

Her legs are not pointed straight towards the camera so they are not foreshortened. We can see their length.

The parting of her feet provides separation and scale which makes her legs appear thinner. Otherwise her legs would overlap and appear to be one mass.

## **Professional Model Posing Guide:**

**Model Posing Guide** Tatiana Kurnosova, 2025-05-05 Posing skills are extremely important for successful modeling career. It isn't only about looking good in pictures but also creating a story, enhancing the product's visuals, capturing viewer's attention, and making it last. Fashion models who understand angles, posture, and movement along with having the deep industry knowledge can easily secure premium bookings and achieve the highest level in their career. This book will teach you posing, open up the industry insights, and will help you plan and navigate your modeling career. Model posing guide will be helpful for professional and aspiring models, industry professionals who would like to be able to guide the models on set, non-models who are simply interested in feeling confident in front of the camera, and learn how to look good in pictures. Everything is easily explained, and visual references are provided for your better understanding. No need to waste money on modeling classes and modeling schools when you can learn everything by yourself and improve your skills with practice. This book explains easy posing practice techniques that will give quick and effective results. If you've been missing something in your career, has been on the same level for awhile, this is your sign to make it happen and finally reach out your goals. Because if not now, when? Tatiana Kurnosova. Here are some of the topics we will be discussing in this book: Visual education, developing your fashion sense, Model posing and confidence connection, Basic posing advices, Different types of poses, Different modeling markets, different posing, Posing for different types of jobs, model test shoots, model digitals, polaroids, lookbooks, catalogues, magazine editorials, beauty, jewelry, sportswear, lingerie, swimwear, etc. How to guide the model as a photographer, creative director, fashion designer, etc. Posing advices for non-models. To Copy/Paste or developing your unique posing style as a model, and more. About the author: Tatiana Kurnosova is a model coach, fashion photographer, and stylist with more than 15 years of experience in fashion industry. **Pro 101 Modelling Poses** Mihai Crisan, 2014-06-01 Pro 101 Modelling Poses is a posing guide created specially for photographers and models to help and inspire. It features three categories of a beautiful and experienced model posing.

**Posing for the Camera** Harriett Shepard, Lenore Meyer, 2010-10-28 This book is not a compilation of Do's and Don'ts. It seeks to organize thought on the part of photographers, directors, and models as to where posing begins and how it is accomplished. Step by step, we will take the major and minor components of the posing figure and show how they function in relation to the camera, their possibilities, and their limitations. Once you know how the figure functions and the results thereby obtained, it is up to you to decide whether the pose is desirable or undesirable for the job at hand. For instance, a certain hand position may be generally recognized as awkward or conspicuous. This position would be undesirable if you wanted your

picture to express grace and loveliness On the other hand it could very well serve to characterize a gangling teenager or call attention to an object or important copy in an advertisement This book is not meant to impose our personal opinions upon you Its intent is to increase your awareness of how symmetry of figure in pictures follows a consistent pattern That pattern when analyzed establishes basic truths that beat like a motif throughout prize winning and time tested pictures These truths are the fundamentals of which we speak *Learn To Model* Bob Pardue,2012-02-23 This book has more than 80 Pages with Six Chapters of Pure Tips Tricks Hints and Instructions with Valuable Information Learning on how to become a model is no Joke with lack of information everywhere and schools charging anywhere from 1000 or more how is anyone supposed to become and succeed as a model You can go to Amazon Barnes and Nobles or any Book Store online and you will find books on how to become a model However this one is written from a professional modeling photographer s point of view giving you a new perspective After years of experience and giving advice people have been asking me when am I going to write a book Here it is The moment you have been waiting for Read This Book before paying or hiring any school or photographer to be ahead in the game and you ll be glad you did Improve your chances and get all the information you need to become a high paying field in modeling and succeed as a high paying model
