Lansky,2013-05-13 Despite the burgeoning literature on the role of the father in child development and on fathering as a developmental stage surprisingly little has been written about the psychiatrically impaired father In *Fathers Who Fail* Melvin Lansky remedies this glaring lacuna in the literature Drawing on contemporary psychoanalysis family systems theory and the sociology of conflict he delineates the spectrum of psychopathological predicaments that undermine the ability of the father to be a father Out of his sensitive integration of the intrapsychic and intrafamilial contexts of paternal failure emerges a richly textured portrait of psychiatrically impaired fathers of fathers who fail Lansky s probing discussion of narcissistic equilibrium in the family system enables him to chart the natural history common to the symptomatic impulsive actions of impaired fathers He then considers specific manifestations of paternal dysfunction within this shared framework of heightened familial conflict and the failure of intrafamilial defenses to common shame Domestic violence suicide the intensification of trauma posttraumatic nightmares catastrophic reactions in organic brain syndrome and the murder of a spouse are among the major symptoms that he explores In each instance Lansky carefully sketches the progression of vulnerability and turbulence from the father s personality to the family system and thence to the symptomatic eruption in question In his concluding chapter he comments tellingly on the unconscious obstacles on the part of both patients and therapists to treating impaired fathers The obstacles cut across different clinical modalities underscoring the need for multimodal responses to fathers who fail The Nature of Grief John Archer,2003-09-02 In this study on the evolution of grief John Archer shows that grief is a natural reaction to losses of many sorts and he proves this by bringing together material from evolutionary psychology ethology and experimental psychology **Homecoming Veterans in Literature and Culture** Niels Boender,2025-03-28 From Homer s *Odyssey* itself the return of the veteran to his or her home has been a central trope of the literary canon Huge bureaucracies and a panoply of global organisations are deeply concerned with facilitating a painless return to stable homes This book presents homecoming as an analytical lens to better understand veterans return and reintegration after conflict Home is held to be multidimensional a concept encapsulating the physical and the social particularly disrupted by experiences of violence Homecoming is therefore not a mere moment but a process that can unfold over years and decades as old and new bonds of familiarity are forged Struggles over the home and homecoming are moreover endlessly political bound up in questions of identity and the nation Looking across times places

Myers,2022-09-28 Witherington and Myers provide a much needed introduction to the ancient art of persuasion and its use within the various New Testament documents More than just an exploration of the use of the ancient rhetorical tools and devices this guide introduces the reader to all that went into convincing an audience about some subject Witherington and Myers make the case that rhetorical criticism is a more fruitful approach to the NT epistles than the oft employed approaches of literary and discourse criticism Familiarity with the art of rhetoric also helps the reader explore non epistolary genres In addition to the general introduction to rhetorical criticism the book guides readers through the many and varied uses of rhetoric in most NT documents not only telling readers about rhetoric in the NT but showing them the way it was employed This brief guide book is intended to provide the reader with an entrance into understanding the rhetorical analysis of various parts of the NT the value such studies bring for understanding what is being proclaimed and defended in the NT and how Christ is presented in ways that would be considered persuasive in antiquity from the introduction *The Railroad Car Journal* ,1897 **Popular Mechanics** ,1947-10 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle

The Billboard ,1926 **Collier's** ,1913 **Mother of the Company** Philip M. Smith,2022-10-17 The letters of Sgt Percy Smith a World War II soldier and his memories as an aging veteran reveal how military training wartime and occupation brought out strengths vulnerabilities and changing judgments about fellow soldiers military leadership the enemy population and home Capturing the story of a common enlisted man from embarkation to discharge the letters and stories in *Mother of the Company* Sgt Percy M Smith s World War II Reflections also provide an intimate window conveying his feelings for his wife though tempered in expression as well as subject to censorship The letters add depth to the story of this soldier and they expand the narrative to capture more of the experience of all veterans who felt at risk and needed comfort during and after the war But these letters provide readers with another less expected view into the heart and mind of this member of the World War II generation In contrast with military training masculine expectations and the prejudices of white America at that time the longer later memories of wartime and occupation contain strong instances of comforting and caring that sometimes turn the gender experience of war and male camaraderie on its head In the end if we ask what constitutes a good soldier a good survival and a worthy life the answer for Sgt Percy Smith as suggested by his letters might encompass the greater value of life giving and life fostering instincts as a part of healing the damage left behind by the life taking experience of war *The FBI War on Tupac Shakur* John Potash,2021-10-12 Since the first day after the tragedy was announced controversy has surrounded the death of rap and cultural icon Tupac Shakur In this work preeminent researcher on the topic

John Potash puts forward his own theories of the events leading up to and following the murder in this meticulously researched and exhaustive account of the story. Never before has there been such a detailed and shocking analysis of the untimely death of one of the greatest musicians of the modern era. The FBI War on Tupac Shakur contains a wealth of names, dates, and events detailing the use of unscrupulous tactics by the Federal Bureau of Investigation against a generation of leftist political leaders and musicians. Based on twelve years of research and including extensive footnotes, sources include over 100 interviews, FOIA released CIA and FBI documents, court transcripts, and mainstream media outlets. Beginning with the birth of the Civil Rights Movement in America, Potash illustrates the ways in which the FBI and the United States government conspired to take down and dismantle the various burgeoning activist and revolutionary groups forming at the time. From Martin Luther King Jr. to Malcolm X to Fred Hampton, the methods used to thwart their progress can be seen repeated again and again in the 80s and 90s against later revolutionary groups, musicians, and most notably Tupac Shakur. Buckle up for this winding, shocking, and unbelievable tale as John Potash reveals the dark underbelly of our government and their treatment of some of our most beloved Black icons.
