## Identification of the Problem

In the last ten years, there have been numerous murder cases in which most of them have been caused by citizens who own guns either legally or illegally. Gun ownership in the United States has been something taking place for quite long. Under the leadership of United States' current president Barack Obama, the level of crimes related to gun ownership have escalated at a very high rate as compared to the previous years before he got into power. Democrats have been having a fear in that it would cost them a lot of votes by loudly advocating for imposition of stricter gun ownership laws. Currently, President Barack Obama together with Hillary Clinton (democratic presidential frontrunner) have unapologetically decided to act against the views of the National Rifle association. Obama has accused the NRA by claiming that they have a "stranglehold on congress". He added that the safety of United States' citizens is far much important than individual interests of NRA. Nearly all democrats have been convinced that imposi
