Nietzsche And Metaphor:

Nietzsche and Metaphor Sarah Kofman, 1993-01-01 This long overdue translation brings to the English speaking world the work that set the tone for the Post structuralist reading of Nietzsche *Nietzsche, Metaphor, Religion* Tim Murphy, 2001-10-11 Presents a radically anti foundationalist reading of Nietzsche s philosophy of religion **Nietzsche and Metaphor** Nishan Swais, Carleton University. Dissertation. Philosophy, 1988 *Metaphor in European Philosophy After Nietzsche* Andrew Hines, 2023-01-09 When one encounters a metaphor in the Humanities the interpretation of that metaphor is dominated by either cognitive linguistics or post Kantian European philosophy Each of these traditions holds a differing view of how the meanings of metaphors are created But today in political ideology the meanings of metaphors are rapidly shifting The question is no longer how is meaning created but how meaning shifts One of the ways to untangle our assumptions about metaphor is to revisit a key moment in its evolution In this lucid and provocative study Andrew Hines provides an intellectual history of the influence of Friedrich Nietzsche s conception of metaphor on European philosophy and how that conception underpins key interpretative challenges in contemporary culture and politics Andrew Hines is Lecturer in World Philosophies at SOAS University of London and the Thyssen Research Fellow at the Centre for Anglo German Cultural Relations at Queen Mary University of London He is a contributing editor of the Journal of the History of Ideas Blog

Nietzsche and the Question of Interpretation Alan Schrift, 2014-02-25 The first attempt at assessing the references to interpretation theory in the Nietzschean text **The Cambridge Companion to Nietzsche** Bernd Magnus, Kathleen Marie Higgins, 1996-01-26 The significance of Friedrich Nietzsche for twentieth century culture is now no longer a matter of dispute He was quite simply one of the most influential of modern thinkers The opening essay of this 1996 Companion provides a chronologically organised introduction to and summary of Nietzsche s published works while also providing an overview of their basic themes and concerns It is followed by three essays on the appropriation and misappropriation of his writings and a group of essays exploring the nature of Nietzsche s philosophy and its relation to the modern and post modern world The final contributions consider Nietzsche s influence on the twentieth century in Europe the USA and Asia New readers and non specialists will find this the most convenient accessible guide to Nietzsche currently available Advanced students and specialists will find a conspectus of recent developments in the interpretation of Nietzsche

Conflict and Contest in Nietzsche's Philosophy Herman Siemens, James Pearson, 2018-11-15 While Nietzsche s works and ideas are relevant across the many branches of philosophy the themes of contest and conflict have been mostly overlooked Conflict and Contest in Nietzsche s Philosophy redresses this situation arguing for the importance of these issues throughout Nietzsche s work The volume has three key lines of inquiry Nietzsche s ontology of conflict Nietzsche s conception of the agon and Nietzsche s warrior philosophy Under these three umbrellas is a collection of insightful and provocative essays considering among other topics Nietzsche s understanding of resistance his engagement with classical thinkers alongside his contemporaries including

Jacob Burckhardt his views on language metaphor and aphorism and war revolt and terror In bringing together such topics Conflict and Contest in Nietzsche s Philosophy seeks to correct the one sided tendencies within the existing literature to read simply hard and soft analyses of conflict Written by scholars across the Anglophone and the European traditions within and beyond philosophy this collection emphasises the entire problematic of conflict in Nietzsche s thought and its relation to his philosophical and literary practice **Memory, Metaphor, and Aby Warburg's Atlas of Images** Christopher D.

Johnson,2012-09-15 The work of German cultural theorist and art historian Aby Warburg 1866 1929 has had a lasting effect on how we think about images This book is the first in English to focus on his last project the encyclopedic Atlas of Images Mnemosyne Begun in earnest in 1927 and left unfinished at the time of Warburg s death in 1929 the Atlas consisted of sixty three large wooden panels covered with black cloth On these panels Warburg carefully intuitively arranged some thousand black and white photographs of classical and Renaissance art objects as well as of astrological and astronomical images ranging from ancient Babylon to Weimar Germany Here and there he also included maps manuscript pages and contemporary images taken from newspapers Trying through these constellations of images to make visible the many polarities that fueled antiquity s afterlife Warburg envisioned the Atlas as a vital form of metaphoric thought While the nondiscursive frequently digressive character of the Atlas complicates any linear narrative of its themes and contents Christopher D Johnson traces several thematic sequences in the panels By drawing on Warburg s published and unpublished writings and by attending to Warburg s cardinal idea that pathos formulas structure the West s cultural memory Johnson maps numerous tensions between word and image in the Atlas In addition to examining the work itself he considers the literary philosophical and intellectual historical implications of the Atlas As Johnson demonstrates the Atlas is not simply the culmination of Warburg s lifelong study of Renaissance culture but the ultimate expression of his now literal now metaphoric search for syncretic solutions to the urgent problems posed by the history of art and culture Nietzsche's Naturalist Deconstruction of Truth Peter Bornedal,2020-01-03 Nietzsche s Naturalist Deconstruction of Truth A World Fragmented in Late Nineteenth Century Epistemology offers a new interpretation of Nietzsche s discussions of truth and knowledge covering the period from his early essay On Truth and Lies in an Extra Moral Sense to his late notebooks It places these discussions in the context of the neo Kantian Naturalist Positivist and Pragmatic schools influential in Nietzsche s late nineteenth century Europe Peter Bornedal argues for a view of Nietzsche s epistemological thought as an elaboration of this paradigm proposing ideas that are anti metaphysical and anti theological in their polemic orientation and in general promoting new scientific naturalist ideals in the discussions of knowledge Bornedal suggests that the rational pursuit of these new ideals to the unencumbered mind logically leads to Nihilism in its most profound epistemological sense Nietzsche s critique of metaphysics is thus seen as having sprung from sources different from and at times in patent opposition to more recent postmodern and deconstructionist critiques This book contextualizes Nietzsche in relation to a number of

philosophical peers and juxtaposes him to contemporary thinkers in a way that resolves some of the difficulties that have plagued recent Nietzsche scholarship

Biblical Metaphor Reconsidered Job Y. Jindo, 2018-07-17 How do we understand the characteristically extensive presence of imagery in biblical prophecy Poetic metaphor in prophetic writings has commonly been understood solely as an artistic flourish intended to create certain rhetorical effects It thus appears expendable and unrelated to the core content of the composition however engaging it may be aesthetically or otherwise Job Jindo invites us to reconsider this convention Applying recent studies in cognitive science he explores how we can view metaphor as the very essence of poetic prophecy namely metaphor as an indispensable mode to communicate prophetic insight Through a cognitive reading of Jeremiah 1 24 Jindo amply demonstrates the advantage and heuristic ramifications of this approach in biblical studies

Nietzsche's "Ecce Homo" Nicholas Martin, Duncan Large, 2020-12-16 Friedrich Nietzsche's intellectual autobiography *Ecce Homo* has always been a controversial book Nietzsche prepared it for publication just before he became incurably insane in early 1889 but it was held back until after his death and finally appeared only in 1908 For much of the first century of its reception *Ecce Homo* met with a sceptical response and was viewed as merely a testament to its author's incipient madness This was hardly surprising since he is deliberately outrageous with the megalomaniacal self advertisement of his chapter titles and brazenly claims I am not a man I am dynamite as he attempts to explode one preconception after another in the Western philosophical tradition In recent decades there has been increased interest in the work especially in the English speaking world but the present volume is the first collection of essays in any language devoted to the work Most of the essays are selected from the proceedings of an international conference held in London to mark the centenary of the first publication of *Ecce Homo* in 2008 They are supplemented by a number of specially commissioned essays Contributors include established and emerging Nietzsche scholars from the UK and USA Germany and France Portugal Sweden and the Netherlands

Agonal Perspectives on Nietzsche's Philosophy of Critical Transvaluation Herman W. Siemens, 2021-11-08 Nietzsche's strengths as a critic are widely acknowledged but his peculiar style of critique is usually ignored as rhetoric or dismissed as violent or simply incoherent In this book Nietzsche's concept of the agon or *Wettkampf* a measured and productive form of conflict inspired by ancient Greek culture is advanced as the dynamic and organising principle of his philosophical practice enabling us to make sense of his critical confrontations and the much disputed concept of transvaluation or *Umwertung* Agonal perspectives are cast on number of key problems in his thought across a broad range of texts Topics and problems treated include critical history and the need for a limit in the negation of the past Nietzsche contra Socrates and the problem of closure Nietzsche contra humanism and the problem of humanity Nietzsche contra Kant on genius and legislation the problem of self legislation in relation to life and temporality Nietzsche's sense of community in its articulation with law and the normativity of taste resentment and the question of therapy in Nietzsche and Freud and the problem of total affirmation in relation to critique These studies have a broad appeal from MA level to advanced Nietzsche

research **Nietzsche's Gay Science** M. Langer, 2010-08-17 A step by step illumination of the intricacy logic and importance of one of Nietzsche's richest and most complex works In a clear and accessible manner the author explains the interconnectedness of The Gay Science's seemingly unrelated sections Throughout she provides critical commentary background information and translation corrections **Nietzsche's Noontide Friend** Sheridan Hough, 2010-11-01 **The Future of Art** Marcella Tarozzi Goldsmith, 1999-09-02 Draws upon a wide range of aesthetic theories and artworks in order to challenge the view that art is valueless or purely subjective **Nietzsche, Feminism, and Political Theory** Paul Patton, 1993 A collection of twelve outstanding essays applying Nietzsche's work to current debates in feminist and political theory It focuses on the way that Nietzsche has become an essential point of reference for postmodern ethical and political thought *Musical Signification* Eero Tarasti, 2011-09-06 No detailed description available for Musical Signification

Jorge Luis Borges, Post-Analytic Philosophy, and Representation Silvia G. Dapía, 2015-08-20 Making an important contribution to studies in Literature and Philosophy this book reads Jorge Luis Borges philosophically particularly in reference to his use of representation and reality Rather than attempting to subordinate Borges to a set of philosophical constructs to reduce Borges texts to mere exemplifications or illustrations of philosophical theories the book uses Borges's short stories to demonstrate how philosophical questions related to representation develop out of literature and actually serve as precursors to the various strains of post analytic philosophy that later developed in the United States The volume discusses American post analytic philosophers Richard Rorty Hilary Putnam Donald Davidson Nelson Goodman and Arthur Danto as well as a wide ranging set of philosophical ideas including reflections on Keynes Hayek Schopenhauer and many others Chapters offer detailed readings of Borges texts extending from 1939 to 1983 locating where he thematizes issues of representation and pursuing the logic of Borges's text toward its philosophical implications without neglecting their literary value The book argues that Borges's exploration of the relationship between representation and reality places him unmistakably in the position of a precursor to the post analytic philosophers Illuminating the role that language plays in the creation of reality and representation this volume makes significant contributions not only to Borges scholarship but also post structuralism post analytic studies of language semiotics comparative literature and Latin American literature

Nietzsche's Dancers K. LaMothe, 2006-02-04 This book investigates the role Nietzsche's dance images play in his project of revaluing all values alongside the religious rhetoric and subject matter evident in the work of Isadora Duncan and Martha Graham who found justification and guidance in Nietzsche's texts for developing dance as a medium of religious expression **Nietzsche, Power and Politics** Herman Siemens, Vasti Roodt, 2009-02-26 Nietzsche's legacy for political thought is a highly contested area of research today With papers representing a broad range of positions this collection takes stock of the central controversies Nietzsche as political anti political thinker Nietzsche and contra democracy Arendt and contra Nietzsche as well as new research on key concepts power the agon aristocracy friendship i a on historical

contemporary and futural aspects of Nietzsche's political thought. International contributors include well-known names: Conway Ansell Pearson, Hatab, Taureck Patton, Connolly, Villa, van Tongeren, and young emerging scholars from various disciplines.
