Alaric Justice, 2016-07-12 Modern Ninjutsu A Definitive Guide to the Tactics Concepts Spirit of Unconventional Combat Arts is a path guide to realistic training and mind set development for combat situations wherever they may occur J Alaric Justice is a military combat veteran and former anti terrorist as well as a former law enforcement defensive tactics instructor and crisis negotiator Perhaps most important to this work he has survived many violent street encounters fights and attempted crimes in gang infested areas Speaking as someone who has been exposed to violence and opponent force in myriad forms he offers a unique view to practitioners of any system of how to handle crisis situations and maintain realism in their training for generations to come Dangerous Games Joseph Laycock, 2015-02-12 The 1980s saw the peak of a moral panic over fantasy role playing games such as Dungeons and Dragons A coalition of moral entrepreneurs that included representatives from the Christian Right the field of psychology and law enforcement claimed that these games were not only psychologically dangerous but an occult religion masquerading as a game Dangerous Games explores both the history and the sociological significance of this panic Fantasy role playing games do share several functions in common with religion However religion as a socially constructed world of shared meaning can also be compared to a fantasy role playing game In fact the claims of the moral entrepreneurs in which they presented themselves as heroes

battling a dark conspiracy often resembled the very games of imagination they condemned as evil By attacking the imagination they preserved the taken for granted status of their own socially constructed reality Interpreted in this way the panic over fantasy role playing games yields new insights about how humans play and together construct and maintain meaningful worlds Laycock s clear and accessible writing ensures that Dangerous Games will be required reading for those with an interest in religion popular culture and social behavior both in the classroom and beyond **Awaken Your Inner Power!** Robert Morgen, 2008-01-03 Cuchillo Corvo Combat Knife of Chile James Loriega, Fernan Vargas, 2017-03-16 The traditional Corvo is a bladed weapon that is popularly regarded as the national knife of Chile As such it ranks alongside the Navaja of Spain the Kukri of Nepal and the America Bowie as a blade that was pivotal in the wars and ultimately the history of its nation The Corvo knife was so uniformly carried by Chileans that it saw wide use in Chile s 19th century War of The Third Property of Chilean military Today the Special Commandos adhere to a uniquely developed curriculum for the combative use of the Corvo which includes its proper deployment in confronting enemy opponents whether unarmed or wielding knives entrenching tools or bayonets In this book two edged weapons Masters Fernan Vargas and James Loriega take you on a journey to explore the history culture and use of the Corvo American Book Publishing Record, 1995 of the World [2 volumes] Thomas A. Green, 2001 Carefully crafted entries on the history philosophy and evolution of the martial arts worldwide including contemporary practice **Secret Agents** Jeremy Packer, 2009 Why does the secret agent never seem to die Why in fact has the secret agent not only survived the Cold War which critics and pundits surmised would be the death of James Bond and of the genre more generally but grown in popularity Secret Agents attempts to answer these questions as it investigates the political and cultural ramifications of the continued popularity and increasing diversity of the secret agent across television film and popular culture The volume opens with a foreword by Tony Bennett and proceeds to investigate programs figures and films such as Alias Austin Powers Spy Kids the new Bond Girl Flint Mission Impossible Jason Bourne and concludes with an afterword by Toby Miller Chapters throughout question what it means for this popular icon to have far wider currency and meaning than merely that of James Bond as the white male savior of capital and democracy Subject Guide to Books in Print ,1993 **The Cumulative Book Index**, 1997 A world list of books in the Path Notes of an American Ninja Master Glenn J.
