The Official Railway Guide, 1887 *The Northwestern Miller*, 1918 **Stagecoach to Tombstone** Howard Hughes, 2007-10-24 The true story of the American West on film through its shooting stars and the directors who shot them Howard Hughes explores the

Western running from John Ford's Stagecoach to the revisionary Tombstone. Writing with panache and fresh insight he explores 27 key films and draws on production notes, cast and crew biographies and the films' box office success to reveal their place in western history. He shows how through reinvention and resurrection this genre continually postpones the big adios and avoids ending up in Boot Hill permanently. Major films covered include the best from genre giants John Ford, Howard Hawks and John Wayne plus classics High Noon, Shane, The Magnificent Seven and Butch Cassidy and the Sundance Kid. Stagecoach to Tombstone makes many more stops along the way examining well-known blockbusters and lowly B movie oaters alike. It examines comedy westerns, adventures south of the border, singing cowboys and the varied depiction of Native Americans on screen. Hughes also engagingly charts the genre's timely renovation by Sam Peckinpah, Ride the High Country and The Wild Bunch, Sergio Leone's Once Upon a Time in the West and Clint Eastwood's The Outlaw Josey Wales and Unforgiven. Presented too are the best of western trivia, a filmography of essential films and ten aficionados and critics including Alex Cox, Christopher Frayling, Philip French and Ed Buscombe give their verdict on the best in the west.

Mid Atlantic Fly Fishing Guide, 2004 *Real Estate Record and Builders' Guide*, 1886 Marine Decapod Crustacea of Southern Australia Gary C.B. Poore, 2004-08-13. This book is a comprehensive guide to the identification of 800 species of decapod and stomatopod crustaceans from southern Australian marine waters. It is liberally illustrated with more than 1000 line drawings giving good views of many species as well as diagnostic illustrations. Details for each species include the authority, year of description, sometimes a common name, diagnosis, size, geographical distribution and ecological and depth distribution. The chapter on the Stomatopoda is by Shane Ahyong. Sections within each chapter are hierarchical: species within genera within families, often with subfamilies as well. Identification is achieved through the use of dichotomous keys adapted from many originally published in the primary literature or developed from scratch. Some keys are to all Australian taxa but most are to southern Australian taxa only. The information in this book derives from over 200 years of collecting in southern Australian environments from the intertidal to the deep sea and publications in numerous journals in several languages. More than 800 of these papers and books are cited. Winner of the 2005 Whitley Award for Systematics. *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1956. Includes Part 1, Number 2, Books and Pamphlets, Including Serials and Contributions to Periodicals. July-December.
