continue in *The Crystal City* the sixth book in the historical fantasy series from the Hugo and Nebula award winning and New York Times bestselling author of *Ender's Game*. Using the lore and the folk magic of the men and women who settled North America, Orson Scott Card has created an alternate world where magic works and where that magic has colored the entire history of the colonies. Charms and beseechings, hexes and potions all have a place in the lives of the people of this world. Dowzers find water, the second sight warns of dangers to come, and a torch can read a person's future or their heart. In this world where knacks abound, Alvin, the seventh son of a seventh son, is a very special man indeed. He's a Maker; he has the knack of understanding how things are put together, how to create them, repair them, keep them whole, or tear them down. He can heal hearts as well as bones; he can build a house, he can calm the waters, or blow up a storm. And he can teach his knack to others to the measure of their own talent. Alvin has been trying to avert the terrible war that his wife, Peggy, a torch of extraordinary power, has seen down the life lines of every American. Now she has sent him down the Mizzippy to the city of New Orleans, or Nueva Barcelona, as they call it, under Spanish occupation. Alvin doesn't know exactly why he's there, but when he and his brother-in-law, Arthur Stuart, find lodgings with a family of abolitionists who know Peggy, he suspects he'll find out soon. But Nueva Barcelona is about to experience a plague, and Alvin's efforts to protect his friends by keeping them healthy will create more danger than he could ever have suspected. And in saving the poor people of the city, Alvin will be put to the greatest test of his life, a test that will draw on all his power. For the time has come for him to turn to his old friend, Tenskwa Tawa, the Red Prophet, who controls the lands to the west of the Mizzippy. Now Alvin must take the first steps on the road to the Crystal City that was shown to him in a vision so long ago.

Mythprint, 1995. *Books and Beyond*. Kenneth Womack, 2008-10-30. There's a strong interest in reading for pleasure or self-improvement in America, as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey's. Although recent government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature, including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories, such as cyberpunk, fantasy, literature, flash fiction, GLBTQ literature, graphic novels, manga, and anime, and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected general bibliography.
