Shared Experience Luciana Nissim Momigliano, 2018-06-13 This book presents a way to formulate from several points of view Psychoanalysis as an encounter between two persons and highlights the aspects of symmetry and affective exchange of this encounter where analysis is seen as a relationship between two minds In this shared experience the study of the mind of the Analyst and of his method of work grows in importance as the source of benefits and misdirections which can be exchanged in the encounter with the patient In this context the patient has an active role as an attentive and sensitive observer of the Analyst signaling errors and showing the road to be taken This change in the concept of psychoanalysis has evolved through many years from the Analyst acting to open the patient within himself while at the same time struggling against his own resistance to change to a vision of a Couple at Work Psychoanalysis is now a shared experience in which the listening and creating of internal space to the other within the self is the instrument and the journey

Official Portraits and Unofficial Counterportraits of At Risk Students Richard J. Meyer, 2010-01-15 This book chronicles 5th and 6th grade writers' children of gang members drug users poor people and non documented and documented immigrants in a rural school in the southwest US coming into their voices cultivating those voices and using

those voices in a variety of venues beginning with the classroom community and spreading outward At the heart of this book is the cultivation of tension between official and unofficial portraits of these students Official portraits are composed of demographic data socioeconomic data and test results Unofficial counterportraits offer different views of children schools and communities The big ideas of official and unofficial portraits are presented then each chapter offers data the children s and teachers processes and products and facets of the theoretical construct of counterportraits as a response to official portraits The counterportraits are built slowly in order to base them in evidence and to articulate their complexity Many teachers and soon to be teachers facing the dilemmas and complexities of teaching in diverse classrooms have serious questions about how to honor students lives outside of school making school more relevant This book offers evidence to present to the public legislators and the press as a way of talking back to official portraits demonstrating that officially failing schools are not really failing evidence that is crucial for the survival of public schools
