Divine Comedy of Dante Alighieri Dante Alighieri, 1997-03-06 This is the first volume of a new prose translation of Dante's epic the first in twenty five years Robert Durling's translation brings a new power and accuracy to the rendering of Dante's extraordinary vision of Hell with its terror pathos and sardonic humour and its penetrating analyses of the psychology of sin and the ills that plague society A newly edited version of the Italian text can be on facing pages and this edition includes fully comprehensive notes as well as sixteen essays on special subjects *Inferno* Dante Alighieri, 1996 Martinez and Durling's introduction and notes are designed with the first time reader of the poem in mind but will be useful to others as well The concise introduction presents essential biographical and historical background and a discussion of the form of the poem The notes are more extensive than those in most translations currently available and they contain much new material In addition sixteen short essays explore the autobiographical dimension of the poem the problematic body analogy the question of Christ's presence in Hell and individual cantos that have been the subject of controversy including those on homosexuality There is an extensive bibliography and the four indexes to foreign words passages cited proper names in the notes and to proper names in the text and translation will make the volume particularly useful *Bible Study Questions* Jared C.F.

Church Doctrines, A Closer Look Crossfire, 2017-04-28 The purpose of this book is to take a closer look at several of the more common church doctrines that can be found in the Church's Constitution and By Laws Let us see if they still line up with God's Word or has morphed into something else **Freedom's Progress?** Gerard Casey, 2021-10-04 In Freedom's

Progress Gerard Casey argues that the progress of freedom has largely consisted in an intermittent and imperfect transition from tribalism to individualism from the primacy of the collective to the fragile centrality of the individual person and of freedom Such a transition is he argues neither automatic nor complete nor are relapses to tribalism impossible The reason for the fragility of freedom is simple the importance of individual freedom is simply not obvious to everyone Most people want security in this world not liberty Libertarians writes Max Eastman used to tell us that the love of freedom is the strongest of political motives but recent events have taught us the extravagance of this opinion The herd instinct and the yearning for paternal authority are often as strong Indeed the tendency of men to gang up under a leader and submit to his will is of all political traits the best attested by history The charm of the collective exercises a perennial magnetic attraction for the human spirit In the 20th century Fascism Bolshevism and National Socialism were Casey argues each of them a return to tribalism in one form or another and many aspects of our current Western welfare states continue to embody tribalist impulses Thinkers you would expect to feature in a history of political thought feature in this book Plato Aristotle

Machiavelli Locke Mill and Marx but you will also find thinkers treated in Freedom's Progress who don't usually show up in standard accounts Johannes Althusius Immanuel Kant William Godwin Max Stirner Joseph Proudhon Mikhail Bakunin Pyotr Kropotkin Josiah Warren Benjamin Tucker and Auberon Herbert Freedom's Progress also contains discussions of the broader social and cultural contexts in which politics takes its place with chapters on slavery Christianity the universities cities Feudalism law kingship the Reformation the English Revolution and what Casey calls Twentieth Century Tribalisms Bolshevism Fascism and National Socialism and an extensive chapter on human prehistory
