The

Savage Side B. Jill Carroll, 2001 In this book B Jill Carroll uses the nature writing of Annie Dillard and the philosophical categories of Emmanuel Levinas to critique the models of God that drive contemporary political theologies especially feminist and liberation theologies These political theologies ignore the amoral and often harsh aspects of our existence in the natural world even though they often align God with the cosmos Political theologies excise from their models of God all notions of violence indifference to social justice or general amorality in favor of models that support and advance specific social political and economic ideologies Such domestication of God does not do justice to the hard facts of our existence in the natural world nor does it fully plumb the depths of using nature to metaphorize God Furthermore Carroll argues that current political models of God do not survive the most important critiques of religion in the modern era namely those leveled by Feuerbach Freud and Nietzsche Instead the God of the oppressed stands tall among any number of gods that exist primarily as projections of our best selves illusions rooted in wish fulfillment and attempts to further our own personal goals by claiming the universe is on our side The Savage Side offers us a glimpse of a natural theology uninterested in apologetics but thoroughly obsessed with using the natural world as a springboard for describing God The God that emerges is wildly beautiful terrifyingly indifferent to political or moral ideology the consummate Other and the ultimate ground of our being This book demands to be read by anyone interested in the relationship between religion and politics especially those who have given themselves to the cause of social justice in the name of God Readers will be challenged to let go of comfortable but outdated notions of deity despite their convenience for the advancement of certain social and political goals like gay and lesbian rights women s rights or third world liberation Indeed the claim that God is on our side emerges as the most problematic claim of contemporary constructive theology Poverty & Race in America Chester W. Prentice Hall World Explorer: Eastern Hemisphere Heidi Hayes Jacobs, Brenda Randolph, Michal LeVasseur, Yvonne S. Gentzler, 2003 *Content-Area Reading Strategies for Social Studies* Lisa French, 2003-09 **Issues in Terrorism and Homeland Security** CQ Researcher, 2010-09-21 With six new articles covering topics such as terrorism and the internet prosecuting terrorists and homeland security this reader friendly textbook will inspire students whilst helping them to understand the key material in this field Integrating the Socio-Cultural, the Intercultural and the Electronic Literacies into the EFL Curriculum through the Use of Web-Based Materials Ana SEVILLA PAVÓN, 2011-03-24 La publicación de este volumen representa un caso relativamente insólito Un pequeño grupo de jóvenes investigadores de menos de treinta años convence a un grupo mucho más numeroso de la misma edad para celebrar en Salamanca la First Conference of Young Researchers on Anglophone Studies El resultado es deslumbrante No solo demuestran una gran capacidad organizativa sino que los resultados individuales de las aportaciones científicas son sobresalientes Este volumen *Current Trends in Anglophone Studies* recoge una selección revisada de las propuestas presentadas en el Encuentro y gira en torno a una estructuración tripartita clásica estudios culturales lingüísticos y literarios En ella caben todos aquellos que se mueven en el campo de los estudios anglofonos Cada uno de estos campos podría haber sido suficiente para celebrar un congreso pero parece razonable que en este tipo de encuentros tengan cabida todos De ese modo este volumen se convierte en un ejemplo de aproximación interdisciplinaria a los estudios anglofonos Desde un punto de vista cuantitativo los estudios culturales ocupan sin duda un espacio menor Sin embargo sobresale la variedad de temas tratados así como la internacionalización de los autores dentro de este apartado Estudiantes españoles e italianos acometen

estudios relacionados con la música la pintura el cine la traducción la marginalidad social o el impacto de las nuevas tecnologías en la producción artística Si no pareciera demasiado atrevido podríamos decirse que estos jóvenes estudiosos irían más allá de lo que un día ya lejano pudieron imaginar Richard Hoggard o Raymond Williams Los estudios aquí presentados reflejan sin duda la evolución que la propia sociedad ha experimentado en estos últimos cincuenta años y exploran la relación entre las prácticas culturales la vida diaria y los contextos económicos políticos e históricos No es de extrañar que una gran parte de las contribuciones presentadas en este volumen se centren en el estudio de la lengua ya que la demanda del inglés se ha incrementado de forma considerable en los últimos años Sobresalen los análisis puramente filológicos y sobre todo los relacionados con el aprendizaje del inglés como segunda lengua Por eso destacan estudios que contemplan rasgos morfológicos léxicos o sintácticos Sin embargo el mayor número de participaciones hace referencia al ya citado aprendizaje del inglés como L2 tanto desde el análisis de materiales como desde la práctica oral o escrita Las contribuciones literarias ofrecen una evaluación teórica formal e interpretativa de distintas tendencias desde perspectivas tanto interdisciplinarias como interculturales Cronológicamente los estudios abarcan textos desde el siglo XVIII hasta nuestros días con un acento especial en los autores más contemporáneos y en el género narrativo En general estos estudios se fijan en textos concretos y los analizan desde perspectivas culturales sociológicas o psicológicas Pero abundan menos las aproximaciones desde la teoría literaria desde la técnica narrativa o como tal vez cabría esperar al tratarse de estudiantes tan jóvenes desde la aplicación de las nuevas tecnologías Por el contrario se repiten temas como los traumas heredados de la Guerra de Vietnam las cicatrices del 11 de septiembre o los problemas de género En definitiva se trata de una selección de artículos claramente prometedora que transmite la seguridad de que el futuro de la Filología Inglesa está en buenas manos y podrá experimentar una positiva evolución en los próximos años Por todo ello hay que felicitar a todos los participantes individuales y sobre todo a los organizadores del evento y editores de este volumen que han demostrado una enorme capacidad de trabajo y de saber hacer
