Seeking Light Portraits Of Humanitarian Action In War:

Seeking Light Paul Grabhorn, 2015 A collection of photographs from International Committee of the Red Cross missions in conflict zones

Seeking Light Paul Grabhorn, 2015-01-02 A profoundly moving collection of unforgettable photographs from conflict zones around the world Paul Grabhorn's stunning four color photographs tell an amazing essential story one of hope in the face of violence and deplorable conditions of dignity in the midst of degradation of light in the darkness of war and suffering Taken on his travels with the International Committee of the Red Cross ICRC Grabhorn's captivating images allow readers to witness the activities that occur every day in places that the rest of the world has forgotten or has chosen to ignore In war torn countries such as Chechnya Bosnia Croatia and Somalia the humanitarian work Grabhorn documents is a testament to human compassion and community Here are the helpers quietly working day to day to alleviate the suffering of those caught up in conflict wherever it erupts In many parts of the world hope may sometimes seem in short supply Grabhorn's photographs are an inspiring reminder of the resiliency and the unlimited capacity of the human spirit

Humanitarians at War Gerald Steinacher, 2017-02-09 From the brink of dissolution in 1945 to the triumph of the Geneva Conventions in 1949 via the Nuremberg Trials runaway Nazis and furious battles with communist critics on the eve of the Cold War this is the intriguing and remarkable story of the International Red Cross and how it survived its ambiguous relationship with the Nazis during the Second World War The Geneva based International Committee of the Red Cross ICRC is one of the world's oldest most prominent and revered aid organizations But at the end of World War II things could not have looked more different Under fire for its failure to speak out against the Holocaust or to extend substantial assistance to Jews trapped in Nazi camps across Europe the ICRC desperately needed to salvage its reputation in order to remain relevant in the post war world Indeed the whole future of Switzerland's humanitarian flagship looked to hang in the balance at this time Torn between defending Swiss neutrality and battling Communist critics in the early Cold War the Red Cross leadership in Geneva emerged from the world war with a new commitment to protecting civilians caught in the crossfire of conflict But they did so while defending former Nazis at the Nuremberg Trials and issuing travel papers to many of Hitler's former henchmen These actions did little to silence the ICRC's critics who unfavourably compared the shabby neutrality of the Swiss with the good neutrality of the Swedes their eager rivals for leadership in international humanitarian initiatives In spite of all this by the end of the decade the ICRC had emerged triumphant from its moment of existential crisis navigating the new global order to reaffirm its leadership in world humanitarian affairs against the challenge of the Swedes and playing a formative role in rewriting the rules of war in the Geneva Conventions of 1949 This uncompromising new history tells the remarkable and intriguing story of how the ICRC achieved this successfully escaping the shadow of its ambiguous wartime record to forge a new role and a new identity in the post 1945 world

Humanitarianism and Media Johannes Paulmann, 2018-12-17 From Christian missionary publications to the media strategies employed by today's NGOs this interdisciplinary collection explores

the entangled histories of humanitarianism and media It traces the emergence of humanitarian imagery in the West and investigates how the meanings of suffering and aid have been constructed in a period of evolving mass communication demonstrating the extent to which many seemingly new phenomena in fact have long historical legacies Ultimately the critical histories collected here help to challenge existing asymmetries and help those who advocate a new cosmopolitan consciousness recognizing the dignity and rights of others

War crimes and politics of terror in Chechnya 1994-2004 Laurence Binet, 2016-06-02 The War crimes and politics of terror in Chechnya 1994 2004 case study describes the constraints questions and dilemmas experienced by MSF while speaking out during the two Russian Chechen wars and the following years of normalization Was speaking out the right thing to do with regard to Russia a power with a veto at the UN Security Council and a tradition of propaganda control of the public arena Was it realistic to rely on raising the awareness of other UN member states via their public s opinion In a context of terror when dealing with a regime in denial of the reality of a conflict was it useful and was it up to MSF to call for having this situation qualified as war Should MSF take into account the possibility of a casual link between instances of its public speaking out and the security incidents involving its staff When one of its staff members was taken hostage should MSF speak out in the media to create visibility that affords him her some protection or conversely remain as discrete as possible so as to avoid a rise in his her market value Should MSF publically point out responsibilities negligence or even complicity of the government on which soil the kidnapping had occurred thereby taking active steps to secure the hostage s release or should it refrain from such a discourse so as to avoid the opposite effect Should MSF continue to publically denounce the violence inflicted on people in the region at the risk of radicalising those parties to the conflict responsible for the kidnapping and place the hostage s life in danger

A Populist, a Pope, and the Soul of a Nation Jacqueline Murray Brux, 2023-06-02 Finally a political economist with the lived experience and academic background necessary to explain Pope Francis s disdain for today s rightwing ideologies of populism nationalism authoritarianism and unrestrained capitalism as expressed in his encyclical *Fratelli Tutti* Written for both Catholics and non Catholics for those of

any faith and no faith and for academics and non academics this is the book you've been waiting for if you want to understand the intersection of politics and religion in the era of global Trumpism and to comprehend the suffering caused by these ideologies in the world today Recognizing the deep divide on matters of truth and the profound hurt caused by our polarized society Murray Brux explains how compassionate encounters and truth telling can bring healing to a broken world and its suffering people Written in a fully comprehensible manner this is a book in the tradition of Catholic social justice at its best

The Key to My Neighbor's House Elizabeth Neuffer, 2025-06-25 Interviewing war criminals and their victims Neuffer explains through the voices of people she follows over the course of a decade how genocide erodes a nation's social and political environment Her characters' stories and their competing notions of justice from searching for the bodies of loved ones to demanding war crime trials to seeking bloody revenge convinces readers that crimes against humanity cannot be resolved by simple talk of forgiveness or through the more common recourse to forgetfulness

Humanitarianism Tim Allen, Anna Macdonald, Henry Radice, 2018-06-27 The field of humanitarianism is characterised by profound uncertainty by a constant need to respond to the unpredictable and by concepts and practices that often defy simple or straightforward explanation Humanitarians often find themselves not just engaged in the pursuit of effective action but also in a quest for meaning That is the starting point for this book Humanitarian action has in recent years confronted geopolitical challenges that have upended much of its conventional modus operandi and presented threats to its foundational assumptions and legal frameworks The critical interrogation of the purpose practice and future of humanitarian action has yielded a rich new field of enquiry humanitarian studies and many thoughtful books articles and reports So the question arose as to the most useful way to provide a critical overview that might serve to bring some definitional clarity as well as analytical rigor to the waves of critique and shifting sands of humanitarian action Humanitarianism A Dictionary of Concepts provides an authoritative analysis that attempts to rethink rather than merely problematize or define the issues at stake in contemporary humanitarian debates It is an important moment to do so Just about every tenet of humanitarianism is currently open to question as never before
