Jenkins,2015-04-28 Featuring a new approach to an undergraduate biology text *Tools for Critical Thinking in Biology* emphasizes and is organized around methods and different ways of experimentation rather than around biological topics The result is a book that teaches new biology students to think critically about a wide range of biological questions and subjects *Reaching for the Sun* John King,2011-01-06 From their ability to use energy from sunlight to make their own food to combating attacks from diseases and predators plants have evolved an amazing range of life sustaining strategies Written with the non specialist in mind John King's lively natural history explains how plants function from how they gain energy and nutrition to how they grow develop and ultimately die New to this edition is a section devoted to plants and the environment exploring how problems created by human activities such as global warming pollution of land water and air and increasing ocean acidity are impacting on the lives of plants King's narrative provides a simple highly readable introduction with boxes in each chapter offering additional or more advanced material for readers seeking more detail He concludes that despite the challenges posed by growing environmental perils plants will continue to dominate our planet *The Quest of an Unlikely Fixer* Stephen Y. Cheung Ph.D.,2017-11-14 The goal of the book is to solve the three big

problems plaguing our world poverty war and environment deterioration from pollutions The big three besides making lives unbearable for billions also have increasingly threatened to destroy us Many including the wisest and the most learned the human race has to offer have tried and only to fail The reason is simple they just dont know what the reasons behind the problems are This book The Quest of an Unlikely Fixer has through biophysics clearly identified that the selfish nature of living organisms is the only reason Selfishness always leads to hurtful behaviors that is one of the reasons The other reason is our godlike power But we sadly dont have the right morality to guide this power The solution to human selfishness and our godlike power is by a correct new golden rule based morality which allows us to come up with two moral principles to deal with selfishness The book introduces moral selfishness as the tool to heal our sick planet Following moral selfishness will promote intelligence and cooperation among the people of the world It will bring a paradise to our planet The book is full of original ideas
