Everyday Crimes Kelly A Ryan,2019-08-06 The narratives of slaves wives and servants who resisted social and domestic violence in the nineteenth century In the early nineteenth century Peter Wheeler a slave to Gideon Morehouse in New York protested Master I won t stand this after Morehouse beat Wheeler s hands with a whip Wheeler ran for safety but Morehouse followed him with a shotgun and fired several times Wheeler sought help from people in the town but his eventual escape from slavery was the only way to fully secure his safety Everyday Crimes tells the story of legally and socially dependent people like Wheeler free and enslaved African Americans married white women and servants who resisted violence in Massachusetts and New York despite lacking formal protection through the legal system These dependents found ways to fight back against their abusers through various resistance strategies Individuals made it clear that they wouldn t stand the abuse Developing relationships with neighbors and justices of the peace making their complaints known within their communities and occasionally resorting to violence were among their tactics In bearing their scars and telling their stories these victims of abuse put a human face on the civil rights issues related to legal and social dependency and claimed the rights of individuals to live without fear of violence

The Pleasures of the Text Elizabeth Locey,2002-01-15 This provocative reading of scandalous French woman writer Violette Leduc heralded as a great by Beauvoir Sartre Genet Camus erodes the divide between body and text in erotic literature In *The Pleasures of the Text* Elizabeth Locey sets herself the task of pinning down the often slippery ways in which pleasure is mapped onto the body of the reader and she confronts and challenges the philosophical debate between pornography and erotica

Women Past and Present Maria Zina Gonçalves de Abreu,2014-06-02 In Western societies many traditional feminist claims have already been fulfilled both in law and in official discourse Indeed legislative steps have already been taken towards securing civil and political rights and equal opportunities for women This of course is not the case in many other regions of the world as some of the chapters in this book clearly testify Yet notwithstanding the gains achieved in Western societies residual forms of resistance and prejudice still persist in discourses categories and discriminative practices in this so called post feminist era Furthermore new manifestations of asymmetries in gender relations and new ways of thinking and experiencing subjectivity are currently emerging as a result of growing globalisation economic crises migration patterns female sex and labour trafficking trans nationalism and new technologies not to mention the beauty and body sculpting industries

Engendering the Subject Sally Robinson,1991-09-20 Robinson sets up a dialogue between feminist critical theory and contemporary women s fiction in order to argue for a new way of reading the specificity of women s writing Through theoretically informed readings of novels by Doris Lessing Angela Carter and Gayl Jones the author argues that female subjectivity is engendered in discourse through the woman writer s strategic engagement in representational systems that rely on a singular figure of Woman for coherence Through this engagement women s self representation emerges as a process through which women take up multiple and contradictory positions in relation to different hegemonic discursive systems and through which they engender themselves as subjects Finally Engendering the Subject suggests how women s fiction can provide a model for a feminist practice of reading that would simultaneously work against the historical containment of Woman and for the empowerment of women as subjects of cultural practices *Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts* James Flood,Diane Lapp,Shirley Brice Heath,2004-09-22 In an era characterized by the rapid evolution of the concept of literacy the Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts focuses on multiple ways in which learners gain access to knowledge and skills The handbook explores the possibilities of broadening current conceptualizations of literacy to include the full array of the communicative arts reading writing speaking listening viewing and to focus on the visual arts of drama dance film art video and computer technology The communicative and visual arts encompass everything from novels and theatrical performances

to movies and video games In today s world new methods for transmitting information have been developed that include music graphics sound effects smells and animations While these methods have been used by television shows and multimedia products they often represent an unexplored resource in the field of education By broadening our uses of these media formats and genres a greater number of students will be motivated to see themselves as learners In 64 chapters organized in seven sections teachers and other leading authorities in the field of literacy provide direction for the future I Theoretical Bases for Communicative and Visual Arts Teaching Paul Messaris Section Editor II Methods of Inquiry in Communicative and Visual Arts Teaching Donna Alvermann Section Editor III Research on Language Learners in Families Communities and Classrooms Vicki Chou Section Editor IV Research on Language Teachers Conditions and Contexts Dorothy Strickland Section Editor V Expanding Instructional Environments Teaching Learning and Assessing the Communicative and Visual Arts Nancy Roser Section Editor VI Research Perspectives on the Curricular Extracurricular and Policy Perspectives James Squire Section Editor VII Voices from the Field Bernice Cullinan and Lee Galda Section Editors The International Reading Association has compiled in the Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts an indispensable set of papers for educators that will enable them to conceptualize literacy in much broader contexts than ever before The information contained in this volume will be extremely useful in planning literacy programs for our students for today and tomorrow **Handbook of Public Pedagogy** Jennifer A. Sandlin, Brian D. Schultz, Jake Burdick, 2010-07-29

Bringing together scholars public intellectuals and activists from across the field of education the Handbook of Public Pedagogy explores and maps the terrain of this burgeoning field For the first time in one comprehensive volume readers will be able to learn about the history and scope of the concept and practices of public pedagogy What is public pedagogy What theories research aims and values inform it What does it look like in practice Offering a wide range of differing even diverging perspectives on how the public might operate as a pedagogical agent this Handbook provides new ways of understanding educational practice both within and without schools It implores teachers researchers and theorists to reconsider their foundational understanding of what counts as pedagogy and of how and where the process of education occurs The questions it raises and the critical analyses they require provide curriculum and educational workers and scholars at large with new ways of understanding educational practice both within and without schools
