Macionis, Nijole Vaicaitis Benokraitis, 1989

The Unmasking Style in Social Theory Peter Baehr, 2019-05-01 This book examines the nature of unmasking in social theory in revolutionary movements and in popular culture Unmasking is not the same as scientific refutation or principled disagreement When people unmask they claim to rip off a disguise revealing the true beneath the feigned The author distinguishes two basic types of unmasking The first aimed at persons or groups exposes hypocrisy and enmity and is a staple of revolutionary movements The second aimed at ideas exposes illusions and ideologies and is characteristic of radical social theory since the eighteenth century Enlightenment The Unmasking Style in Social Theory charts the intellectual origins of unmasking its shifting priorities and its specific techniques in social theory It also explores sociology's relationship to the concept of unmasking through an analysis of writers who embrace adapt or reshape its meaning Such sociologists include Vilfredo Pareto Karl Mannheim Raymond Aron Peter Berger Pierre Bourdieu Luc Boltanski and Christian Smith Finally taking conspiracy theories accusations of social phobia and new concepts such as micro aggression as examples of unmasking techniques the author shows how unmasking contributes to the polarization and bitterness of much public discussion Demonstrating how unmasking is baked into modern culture yet arguing that alternatives to it are still possible this book is in sum a compelling study of unmasking and its impact upon modern political life and social theory **Discover Sociology**

Daina S. Eglitis, William J. Chambliss, Susan L. Wortmann, 2021-07-04 What key social forces construct and transform our lives as individuals and as members of society How does our social world shape us How do we shape our world Discover Sociology answers these questions as it explores sociology as a discipline of curious and scientific minds The text is structured around several themes particularly the unequal distribution of power and authority in all aspects of social life Going beyond theory and concepts the authors also demonstrate how studying sociology produces more engaged citizens and opens up a diversity of career paths This title is accompanied by a complete teaching and learning package *Seeing Ourselves* John J. Macionis, Nijole V. Benokraitis, Peter Urmetzer, Bruce Ravelli, 2009-03-18 Seeing Ourselves is the only reader that systematically weaves together three types of articles classic contemporary and cross cultural Classic articles will provide you with sociological statements of recognized importance and lasting significance Contemporary articles focus on current sociological issues controversies and applications They will show you the real world of sociologists at work and demonstrate the importance of on going research Cross cultural articles cast sociological insights about the world's striking cultural diversity Together these articles offer the most comprehensive coverage of any sociology reader Building Mennonite

Belonging Hyung Jin (Pablo) Kim Sun, 2025-02-18 Hyung Jin Kim Sun is a Mennonite. He was born in Paraguay and raised by a Korean immigrant family before attending an evangelical seminary in the United States. There he joined a Mennonite church, though he often returned from gatherings feeling uneasy. Most Mennonites he met were white with European heritage, and their faith community was often their ethnic community as well. As a Korean Paraguayan, Kim Sun felt that he would never be Mennonite enough. This crisis of religious identity prompted him to work towards an intercultural Mennonite church where all people could experience full belonging. *Building Mennonite Belonging* explores the interplay between ethnicity, culture, race, and faith in Canada and other multicultural societies. Using three Mennonite theologies: messianic, community, missional church, and shalom church, Kim Sun navigates the intersection of identity and belief to broaden the vision of Mennonite peoplehood. These theologies show that Mennonites aspire to engage with the world, dialogue with those from diverse backgrounds, seek peace, and strive for reconciliation. The materials to build an intercultural church can be found within existing Mennonite teachings and traditions. Though centred on Mennonites, Kim Sun's insights resonate with any faith community grappling with ethnocultural and racial diversity. *Envisioning new possibilities for faith communities in the twenty-first century*. *Building Mennonite Belonging* advocates for a church that reflects and responds to the diverse society it inhabits. Kim Sun's work is not only a call to action but a guide to fostering a more inclusive church and society.

Discover Sociology William J. Chambliss, Daina S. Eglitis, 2016-12-02 *Discover Sociology* explores sociology as a discipline of curious minds with the theoretical, conceptual, and empirical tools needed to understand, analyze, and even change the world. Organized around the four main themes of *The Sociological Imagination*: Power and Inequality, Technological Transformations of Society, and Globalization, every chapter in the book illuminates the social roots of diverse phenomena and institutions.

Judaism and Christianity in First-Century Rome Karl P. Donfried, Peter Richardson, 2003-12-22 Rome as the center of the first-century world was home to numerous ethnic groups, among which were both Jews and Christians. The dealings of the Roman government with these two groups and their dealings with each other are the focus of this engaging book. Peter Richardson shows that inscriptions expand considerably our knowledge about synagogues in Rome. L. Michael White discusses what the archaeological epigraphic evidence reveals about the synagogue and society of Ostia. Graydon F. Snyder explores the theme of inculturation, looking closely at the level of interaction of Jews with non-Jews in Rome and of Christians with Roman culture. Leonard Victor Rutgers examines the inconsistent nature of Rome's legal policies toward the Jews. Rudolf Braendle and Ekkehard W. Stegemann detail the formation of the first Christian congregations already present. James S. Jeffers describes the family life of Jews and Christians in Rome. Carolyn Osiek discusses from an insightful and unique perspective the social character of Roman Christianity. James C. Walters considers the evolving relations between Christians and non-Christian Jews in Rome and how their interactions were affected by Roman intervention. William L. Lane traces the continuities and discontinuities in Roman Christianity in the period from Nero to

Nerva Finally Chrys C Caragounis finding clues in Romans and 1 Clement challenges much of the consensus concerning the social situation of Roman Christianity Based on the latest biblical and historical scholarship and archaeological evidence this volume will be a valuable resource for students of first century Judaism and Christianity

Women in Sports Adrienne N. Milner, Jomills Henry Braddock II, 2017-07-28 Covering a breadth of topics surrounding the current state of women in sports this two volume collection taps current events sociological and feminist theory and recent research to contextualize women's experiences in sports within a patriarchal society and highlight areas for improvement Women are continuing to break barriers in all aspects of sports and a growing number of people are beginning to recognize sex disparities in sports as a social problem Additionally women's inclusion and exclusion in sports and their equitable and inequitable treatment on the playing field have large scale social legal health and economic consequences Women in Sports Breaking Barriers Facing Obstacles comprehensively examines the state of women in sports by considering current events controversies and trends as well as qualitative and quantitative research The contributors to this volume take a sociological approach to discussing women in sports by questioning dominant assumptions surrounding notions of women's biological athletic inferiority and by examining other social constructs that affect women's experiences in sports such as race and ethnicity socioeconomic status and sexual orientation The book offers a complete and up to date account of women's experiences in sports through coverage of the history of women's participation in sports with a focus on exceptional female athletes and of the increasing number of women who are competing in traditionally male sports such as football baseball and mixed martial arts Readers will come away with a greater appreciation for the issues of equity that women face both within the world of sports and in society in general

The Gendered Motorcycle Esperanza Miyake, 2018-06-14 What happens to gender at 120mph Are Harley Davidsons more masculine than Yamahas The Gendered Motorcycle answers such questions through a critical examination of motorcycles in film advertising and television Whilst bikers and biker cultures have been explored previously the motorcycle itself has remained largely under theorised especially in relation to gender Esperanza Miyake reveals how representations of motorcycles can produce different gendered bodies identities spaces and practices This interdisciplinary book offers new and critical ways to think about gender and motorcycles and will interest scholars and students of gender technology and visual cultures as well as motorcycle industry practitioners and motorcycle enthusiasts

The Global President Stephen J. Farnsworth, S. Robert Lichter, Roland Schatz, 2013-08-08 In The Global President International Communication and the US Government scholars Stephen J Farnsworth S Robert Lichter and Roland Schatz provide an expansive international examination of news coverage of US political communication and the roles the US government and the Presidency play in an increasingly communicative and interconnected political world This comprehensive yet concise text will engage and inform students in many intersecting disciplines as it includes analyses of not just the Presidency but US foreign policy and contemporary political media itself The media developed to keep pace with the headwinds of political change are being asked

more and more to adapt to and enhance the ways in which policy makers voters and students make sense of the process of governance The realities of an ever changing political landscape are magnified nowhere more greatly than in the realm of foreign policy and the stakes surrounding the need for quality communicational skills are no higher than at 1600 Pennsylvania Avenue because when the voices of the US government speak the world is listening This book provides students a perfect entry point into the complex and amorphous relationship between media and government where that relationship has been and where it looks to be heading in the future **Everything School Leaders Need to Know About**

Assessment W. James Popham,2010-04-15 With plain language and practical examples Popham covers key understandings for school leaders including validity formative assessment interpreting test results instructional sensitivity and more **The Commerce of the Sacred** Jack N. Lightstone,2006 This work was originally published in the Brown Judaic Studies series in 1984 by Scholars Press It was first brought to my attention by Sarah Schwarz at Penn The book describes the thinking of the Hellenistic Jewish community outside Palestine beyond rabbinic influence in the early days of the Christian church It particularly addresses their influences on the Church their interactions with it and their shared cultural perceptions The author s social anthropologic approach to the history of religion was ground breaking This new edition of the work is accompanied by a comprehensive new introduction and updated bibliography situating the book in the literature bringing its content up to date and describing its influence on subsequent work *Resources in Education* ,1993 **Armor** ,2003

Perspective ,1992-11 *Toward a Philosophical Approach to Psychiatry* Kenneth S. Kendler,Peter Zachar,2019-10-15 *Toward a Philosophical Approach to Psychiatry* presents a collection of philosophical and historical papers authored by the psychiatrist Kenneth S Kendler Written primarily for psychiatrists psychologists and other scholars in the mental health professions as a body of work the papers offer an accessible distillation of many of the best current ideas from the philosophy of mind and the philosophy of science as applied to problems in psychiatric research and practice The continuous thread running through these papers is a looking behind the common assumptions that nourish unrealistic expectations about what can be discovered about the nature of psychiatric disorders in the short term without abandoning a commitment to scientific progress in the long run After a foreword by Robert Freedman the book commences with Peter Zachar s intellectual biography of Kendler followed by Kendler s own introductions providing an autobiographical and conceptual background for each paper In addition to Kendler s own writings this collection includes many important collaborative efforts including papers with John Campbell Carl Craver Kenneth Schaffner Erik Engstrom Rodrigo Munoz George Murphy and Peter Zachar
