organizations **Developing Practice Competencies** D. Mark Ragg, 2011-04-18 Designed for the generalist practice course this book uses students own experiences rather than abstract discussion to build competency and professional identity Full of rich case examples and exercises the book lets students visualize and carry out skills in an applied experimental way It breaks down each practice skill into subcomponents allowing students to consciously build up their capabilities as part of a lifelong learning process Social work students will benefit from this presentation of the core knowledge techniques and values essential to the effective practice of social work **Introduction to Social Work Practice** Herschel Knapp, 2008-12-31 A practical workbook for Social Work students that presumes no prior clinical experience and uses no technical psychological jargon Spirituality and Healing Wynne DuBray, 2001-11-07 In today s time spiritual healing has become important This book provides an overview of spiritual healing from a multicultural perspective offering useful information for social workers and other human services practitioners for working with clients of color Understanding Child Maltreatment Maria Scannapieco, Kelli Connell-Carrick, 2005-02-10 Child maltreatment professionals from all disciplines struggle to find better ways of understanding and treating the families and children affected by maltreatment Since the mid 1960s the battered child syndrome and recent high profile abuse cases a plethora of research and literature on child maltreatment has emerged yet this is the first volume to offer a comprehensive integrated analysis for understanding assessing and treating child maltreatment within the ecological framework in a developmental context This framework systematically organizes and integrates the complex empirical literature in child maltreatment and development including the often overlooked period of adolescence Viewing child maltreatment from an ecological perspective this volume identifies the risk and protective factors correlated with abuse and neglect The authors present a comprehensive assessment framework addressing the multiple developmental and environmental factors unique to each case This framework fully considers risk and protective factors and their relationship to individuals families and environmental elements presenting a much needed perspective for today s child protective services workers Understanding Child Maltreatment is the first of its kind While most books broadly address the developmental consequences of maltreatment this volume goes further by proposing assessment and intervention strategies based on a deep understanding of each stage of a child s development Interventions center on the caregiver and the family with particular attention to parenting skills and the challenges the child may experience within his or her developmental stage Each chapter emphasizes empirically based interventions and includes a case illustration that guides readers in applying these concepts to their own practice Providing a comprehensive nuanced perspective on maltreatment this book will be invaluable to students researchers and professionals Techniques and Guidelines for Social Work Practice Bradford W. Sheafor, Charles R. Horejsi, 2006 0205446175 Sheafor Techniques and Guidelines for Social Work Practice 7e The latest edition of this classic book continues to provide students and practitioners of social work with a one of a kind resource designed to emphasize the different techniques needed for successful practice

Carefully updated to provide social workers with easy access to the most current information on professional techniques and guidelines and organized to support a generalist practice perspective *Techniques and Guidelines for Social Work Practice* illustrates multiple ways in which both direct and indirect intervention activities are a part of the social worker's repertoire. Touching upon everything from cultural competence to macro practice the content of this text is so widely applicable it is an invaluable aid in making the transition to a professional career in social work and a staple of professional social work libraries. In a classroom it is ideal for use in advanced practice capstone and field work courses. Parts I and II summarize the essential foundation elements of social work practice while Parts III through V set out 157 clearly described techniques and guidelines that can be used by students and new practitioners. The latest edition includes many changes that make it just as essential as previous editions. Techniques deleted from prior editions due to space restrictions are now available at www.ablongman.com/sheafor7e. New techniques include guidelines for assessing small group functioning, family group conferencing and building mentoring relationships as well as addressing client concerns related to spirituality and religion and serving the client or community experiencing an emergency or disaster. Following the lessons of 9/11 new content is included to prepare social workers to deal with a client or community emergency. Information is included on family group conferencing, a new approach based on the principles of restorative justice about which social workers should be knowledgeable. New guidelines for using mentoring relationships in which senior practitioners without direct administrative responsibilities support and nurture developing social workers are included in this edition along with new guidelines for assessing small group functioning as a means of strengthening subsequent intervention activities with groups. Chapter 14 now includes a straight forward description of techniques for conducting empirical direct practice evaluation with current illustrations based on students' applications of the most commonly used evaluation tools.
