 October 30 1938 radio listeners across the United States heard a startling report of a meteor strike in the New Jersey
 countryside With sirens blaring in the background announcers in the field described mysterious creatures terrifying war
 machines and thick clouds of poison gas moving toward New York City As the invading force approached Manhattan some
 listeners sat transfixed while others ran to alert neighbors or to call the police Some even fled their homes But the hair
 raising broadcast was not a real news bulletin it was Orson Welles s adaptation of the H G Wells classic *The War of the*
Worlds In *Broadcast Hysteria* A Brad Schwartz boldly retells the story of Welles s famed radio play and its impact Did it
 really spawn a wave of mass hysteria as *The New York Times* reported Schwartz is the first to examine the hundreds of
 letters sent to Orson Welles himself in the days after the broadcast and his findings challenge the conventional wisdom Few
 listeners believed an actual attack was under way But even so Schwartz shows that Welles s broadcast became a major
 scandal prompting a different kind of mass panic as Americans debated the bewitching power of the radio and the country s
 vulnerability in a time of crisis When the debate was over American broadcasting had changed for good but not for the better
 As Schwartz tells this story we observe how an atmosphere of natural disaster and impending war permitted broadcasters to
 create shared live national experiences for the first time We follow Orson Welles s rise to fame and watch his manic energy
 and artistic genius at work in the play s hurried yet innovative production And we trace the present day popularity of fake
 news back to its source in Welles s show and its many imitators Schwartz s original research gifted storytelling and
 thoughtful analysis make *Broadcast Hysteria* a groundbreaking new look at a crucial but little understood episode in

 of huge proportions that lasted over four years and involved the armies of more than twenty nations resulting in 30 million
 casualties including more than 8 million killed Set against the backdrop of this massive carnage *The Search for Negotiated*
Peace is the gripping story of the events that moved high profile American and European citizens particularly women into the
 international peace movement This small transatlantic network put forth proposals for changing the international system of
 negotiation They supported non annexationist war aims and attempted to discredit nations secret diplomacy militarism and
 narrowly nationalistic practices Instead they wanted to develop a new diplomacy David Patterson skillfully develops the
 interactions of many of the notable leaders of the movement including Jane Addams Aletta Jacobs and Rosika Schwimmer

into an absorbing narrative that brings together the various strands of women's history international diplomatic history and peace history for the first time The Search for Negotiated Peace is an essential read for anyone interested in the social history of World War I and the foundations of citizen activism today [Index of Specifications and Standards Used by Department of the Navy](#) United States.
