

Personal Narrative Example

Title

Mashed Potato Pizza

Introduction

My grandpa always tells me that people who laugh at their own mistakes will get everyone else to laugh along with them. Yesterday, I learned that he is right.

Beginning of the Story

"Stay in line," Mrs. Martin said. I knew right away that my friend Naomi wouldn't be able to cut. I looked at Naomi and frowned. Soon, the line began to move faster, and I followed along hoping that there would still be pizza.

When I reached the counter, I looked at the choices. I could only see chicken and mashed potatoes, macaroni and cheese, and fish. I could hear the rumbling of my very disappointed stomach.

Then, out of the corner of my eye, I saw one last piece of pepperoni pizza. I got so excited.

Middle Events

"Pepperoni pizza," I said politely. Mrs. Martin handed me the pizza. I took the paper plate so quickly that the pizza slid off the plate. I tried to save it, but the pizza landed in the pan of hot, buttery mashed potatoes.

I could feel my face turning redder and redder. All I could hear was laughter from the kids in line.

As I looked at the upside-down pizza, I heard Mrs. Martin's voice. "Maria, would you like a side of mashed potatoes with your pizza?"

End of the Story

I looked up and saw Naomi. She was laughing too. With a nervous smile, I said, "Of course."

Mrs. Martin smiled and scooped the mashed potato pizza on my plate. I looked around at my friends, and we all laughed again.

I never really believed my grandpa until I saw my friends laughing with me. The laughing made me feel good instead of just clumsy.

Personal Narrative Essay Examples With Dialogue:

Teaching Powerful Personal Narratives Mary Jane Reed, 2004 The author divides the components of good narrative writing into chapters that teachers can use a la carte to develop the skills their students need Though tailored for teachers with students working on college application essays this text can bolster any students narrative writing Includes a CD ROM of supplemental material

Spectrums and Spaces of Writing , 2019-01-04 This volume was first published by Inter Disciplinary Press in 2013 The chapters in this book provide an overview of both global and interdisciplinary perspectives on Writing In an era when technology in general and social media in particular has appeared to overtaken academic discussion in regard to how we communicate the thoughts research and praxes in this volume reveal that while the concept of writing has changed dramatically in the past decades the flow of words on a page or computer screen as a large flow of text still remains one of the key forms in which humans are able to crystallize thoughts Each chapter reveals a particular facet of this process revealing that it is only through the crafting process of producing words through the conduit of head to heart to hand that we can create and understand the external composite of internal creativity and reveal the power of human reflection The clearly demonstrates that writing is encapsulated humanity

Taylor's 7th Teaching and Learning Conference 2014 Proceedings Siew Fun Tang, Loshinikarasi Logonnathan, 2015-06-01 These conference proceedings showcase a rich and practical exchange of approaches and vital evidence based practices taking place around the world They clarify the complex challenges involved in bringing about a holistic educational environment in schools and institutes of higher learning that fosters greater understanding and offer valuable insights on how to avoid the pitfalls that come with rolling out holistic approaches to education To do so the proceedings focus on the subthemes Support and Development Mobility and Diversity and Networking and Collaboration in Holistic Education

Advanced Language Learning Heidi Byrnes, 2008-12-08 The editor and authors in this volume make a convincing case for focusing on advanced foreign language instruction Importantly they invite consideration of this focus as an opportunity to re examine conventional definitions of the target of instruction In so doing readers also learn more about the theories highlighted in this volume and their capacity to enhance our understanding of advancedness and its development within an educational context This book thus mediates between linguistic and language learning theories and educational practice modelling the very best of what applied linguistics has to offer Diane Larsen Freeman Professor of Education University of Michigan The reality of multicultural societies and globalization has increased the demand for language abilities that far exceed those that have typically been associated with communicative competence in a second language This book examines the acquisition of advanced levels of ability in three parts theoretical descriptive and instructional It moves beyond the traditional constraints of second language acquisition research by linking systemic functional linguistics and sociocultural theory The contributors draw primarily on the work of Halliday Vygotsky and Bakhtin as well as empirical data from the language classroom to suggest practical applications

towards advanced literacy and linguistic competence Advanced Language Learning will be of interest to academics researching systemic functional linguistics second language acquisition and applied linguistics Teaching College Composition William Murdick,2013-08 Composition directors often have little time to prepare new instructors in methods of teaching writing and to forewarn them of the many daily problems that arise in this challenging work Teaching College Composition which can be read in a weekend goes a long way toward meeting those ends It provides information on twenty six topics from issues of class conduct to methods of critiquing papers to ways of evaluating student work It also provides approaches to six of the most common writing assignments in first year composition Teaching College Composition can also serve as a supplemental text for a teaching of writing course providing an element of street knowledge to the theoretical content

From Me to We Jason Griffith,2016-08-19 With this practical book you ll learn effective ways to engage students in reading and writing by teaching them narrative nonfiction By engaging adolescents in narrative literary or creative nonfiction they can cultivate a greater understanding of themselves the world around them and what it means to feel empathy for others This book will guide you to first structure a reading unit around a narrative nonfiction text and then develop lessons and activities for students to craft their own personal essays Topics include Engaging your students in the reading of a nonfiction narrative with collaborative chapter notes empathy check ins and a mini research paper to deepen students understanding Helping your students identify meaningful life events recount their experiences creatively and construct effective opening and closing lines for their personal essays Encouraging your students to use dialogue outside research and a clear plot structure to make their narrative nonfiction more compelling and polished The strategies in this book are supplemented by examples of student work and snapshots from the author s own classroom The book also includes interviews with narrative nonfiction writers MK Asante and Johanna Bear The appendices offer additional tips for using narrative nonfiction in English class text and online resources for teaching narrative nonfiction and a correlation chart between the activities in this book and the Common Core Standards
