Rhapsody Of Realities November 2012 Edition:

Music, Performance, and the Realities of Film Ben Winters, 2014-02-05 This book examines the relationship between narrative film and reality as seen through the lens of on screen classical concert performance By investigating these scenes wherein the performance of music is foregrounded in the narrative Winters uncovers how concert performance reflexively articulates music s importance to the ontology of film The book asserts that narrative film of a variety of aesthetic approaches and traditions is no mere copy of everyday reality but constitutes its own filmic reality and that the music heard in a film s underscore plays an important role in distinguishing film reality from the everyday As a result concert scenes are examined as sites for provocative interactions between these two realities in which real world musicians appear in fictional narratives and an audience s suspension of disbelief is problematised In blurring the musical experiences of onscreen observers and participants these concert scenes also allegorize music s role in creating a shared subjectivity between film audience and character and prompt Winters to propose a radically new vision of music s role in narrative cinema wherein musical underscore becomes part of a shared audio visual space that may be just as accessible to the characters as the music they encounter in scenes of concert performance

Sensational Piety Murtala Ibrahim, 2022-08-11 Grounded in anthropological comparison and the concept of materiality this book offers an in depth ethnographic study of the similarities and differences among various forms of religious practices in a Pentecostal Church Christ Embassy and an Islamic group NASFAT in the Nigerian capital of Abuja

Scholarship in this area tends to focus on inter religious contestations and conflicts however this book proposes that another dynamic is unfolding between Christians and Muslims that is characterised by conviviality interfaith joint action programmes mutual influences and even the exchange of religious forms The comparative approach reveals that notwithstanding the seemingly opposed worldviews and divergences between Muslims and Christians they all face similar challenges and apply similar techniques for meeting the challenges posed by the precarious Nigerian urban environment It is through practices especially those conducted in semi public settings that people from different religious persuasions define encroach on and feel the weight of each other s presence

Revenge Capitalism Max Haiven,2020-05-20 Capitalism is in a profound state of crisis Beyond the mere dispassionate cruelty of ordinary structural violence it appears today as a global system bent on reckless economic revenge its expression found in mass incarceration climate chaos unpayable debt pharmaceutical violence and the relentless degradation of common life In Revenge Capitalism Max Haiven argues that this economic vengeance helps us explain the culture and politics of revenge we see in society more broadly Moving from the history of colonialism and its continuing effects today he examines the opioid

crisis in the US the growth of surplus populations worldwide and unpacks the central paradigm of unpayable debts both as reparations owed and as a methodology of oppression Revenge Capitalism offers no easy answers but is a powerful call to the radical imagination **Daily Graphic** Ransford Tetteh,2010-07-10 **Korngold in America** Ben Winters,2025 Korngold in America offers new ways of listening to the film scores and post Hollywood concert works of Erich Wolfgang Korngold 1897 1957 a Viennese raised Austro Hungarian composer who left Europe for Hollywood in the mid 1930s to write for Warner Bros It reassesses Korngold s place in twentieth century music historiography and dismantles many of the myths that have obscured a proper understanding of his work Drawing on previously unpublished archival materials Korngold in America reveals Korngold s commercial and artistic relationships with studio processes and staff highlights aspects of his compositional practice and traces the way in which he adapted his skills as a musical dramatist and experienced opera composer to the demands of film The book presents a more complete picture of Korngold s artistry than has hitherto been possible showing both the important role played by his music in the Hollywood films of which it is a part and the importance in turn of Hollywood films for his compositional identity In so doing it challenges assumptions about the relationship between Korngold s film scores and his works for the concert hall and opera house in ways that draw attention to the significance of Hollywood for histories of twentieth century music The Healing Power of Hip Hop Raphael Travis Jr.,2015-12-14 Using the latest research real world examples and a new theory of healthy development this book explains Hip Hop culture s ongoing role in helping Black youths to live long healthy and productive lives In The Healing Power of Hip Hop Raphael Travis Jr offers a passionate look into existing tensions aligned with Hip Hop and demonstrates the beneficial quality it can have empowering its audience His unique perspective takes Hip Hop out of the negative light and shows readers how Hip Hop has benefited the Black community Organized to first examine the social and historical framing of Hip Hop culture and Black experiences in the United States the remainder of the book is dedicated to elaborating on consistent themes of excellence and well being in Hip Hop and examining evidence of new ambassadors of Hip Hop culture across professional disciplines The author uses research informed language and structures to help the reader fully understand how Hip Hop creates more pathways to health and learning for youth and communities Mary, A Fiction and The Wrongs of Woman, or Maria Mary Wollstonecraft,2012-04-05 Mary Wollstonecraft wrote these two novellas at the beginning and end of her years of writing and political activism Though written at different times they explore some of the same issues ideals of femininity as celebrated by the cult of sensibility the unequal education of women and domestic subjugation Mary counters the contemporary trend of weak emotional heroines with the story of an intelligent and creative young woman who educates herself through her close friendships with men and women Darker and more overtly feminist The Wrongs of Woman is set in an insane asylum where a young woman has been wrongly imprisoned by her husband By presenting the novellas in light of such texts as Wollstonecraft s letters her polemical and educational prose similar works by other feminists and political
