Cooperation and Conflict between Europe and Russia Magdalena Dembińska, Frederic Mérand, 2021-08-26 When thinking about relations between Europe and Russia International Relations scholars focus on why conflict has replaced cooperation The geostrategic debate excludes the possible coexistence of cooperation and conflict Tracking the evolution of conflict and cooperation patterns in three zones of contact Estonia Kaliningrad and Moldova between 1991 and 2016 this edited volume argues that although the standard narrative remains compelling local patterns of cooperation and conflict are partly autonomous from the geostrategic level To account for the coexistence of cooperation and conflict the first chapter elaborates a theoretical proposition distinguishing fluid rigid and disputed symbolic boundaries which have different impacts on the ground The subsequent chapters address distinct dimensions of Euro Russian relations paying attention to local reality in Estonia Moldova Ukraine or Kaliningrad different sectors from energy to peoples movement and across institutional contexts such as the EU and NATO They confirm that the standard narrative holds in most cases but also that Euro Russian relations vary in crucial ways according to the interests and representations of actors immersed in specific geopolitical fields Despite a deterioration of geostrategic relations between Europe and Russia since the end of the Soviet Union Cooperation and Conflict between Europe and Russia explores the intriguing coexistence of conflict and cooperation at the local level and across sectors and institutions The chapters in this book were originally published as a special issue of the journal East European Politics

EU-India Relations Philipp Gieg, Timo Lowinger, Manuel Pietzko, Anja Zürn, Ummu Salma Bava, Gisela Müller-Brandeck-Bocquet, 2021-02-27 India and the European Union bear a particular responsibility as international relations change not least because of the global COVID 19 pandemic the two largest democracies in the world have the unique potential to jointly demonstrate that trusting cooperation and mutual understanding are both indispensable and fruitful all the more so in the context of increasing national egoism and disregard for the fundamental principles of multilateralism This realisation is not new Believing in the necessity and mutual benefit of close cooperation India and the EU struck a strategic partnership in 2004 But resounding success in forging closer bilateral ties and promoting an inclusive rules based global order has proved elusive Since 2016 however the EU s Global Strategy has offered new opportunities for a restart of European foreign policy envisaging new partnerships and recalibrating existing ones On India s part too changing stances have presented new openings with New Delhi criticising protectionism and calling for a strengthening of multilateralism This timely book scrutinises the status quo and the future potential of revitalised EU India relations By exploring and analysing conceptual approaches to and key dimensions of the

strategic partnership including trade climate policy and development cooperation it evaluates the prospects for future cooperation Lastly it offers policy recommendations for advancing the partnership between India and the EU

The European Community and the Management of International Cooperation Leon Hurwitz, 1987-10-20 As Leon Hurwitz clearly illustrates in this new work Western Europe provides the best examples of regional interdependence and international management of cooperation through various intergovernmental and nongovernmental organizations And it is the European Community institutional framework which has enjoyed the greatest success among these organizations This book is a penetrating study of the European Community s experience in the international management of cooperation its goals and objectives its present operation and future prospects
