Richard Matheson Collected Stories Vol 1:

Reading Richard Matheson Cheyenne Mathews, Janet V. Haedicke, 2014-05-07 Richard Matheson 1926-2013 was a prolific author and screenwriter whose career helped shape the horror and fantasy genres in literature, film, and television for over sixty years. Matheson authored more than ninety short stories and dozens of novels, many of which including *I Am Legend*, *A Stir of Echoes*, *What Dreams May Come*, *The Shrinking Man*, *Hell House*, and *Bid Time Return* have been adapted into feature films. Despite his extensive body of work and influence, however, Matheson has remained largely outside the scope of academic scrutiny. The essays in *Reading Richard Matheson: A Critical Survey* provide the first critical overview of Matheson's texts, covering seven of Matheson's novels, a sampling of short stories, and several adaptations for both film and television. The essays are arranged thematically and address the sociopolitical anxieties reflected in Matheson's oeuvre, consider his precursors and successors, and situate him within narrative traditions of mythology, cinema, genre, and memory studies. By providing an overview of his career, *Reading Richard Matheson* illustrates how a commercial writer can contribute to academic discourses of literature and film. Though the essays use a variety of theoretical frameworks, the crossover nature of the collection reflects the broad range of Matheson's output. As such, this volume will appeal to fans of Matheson's work in general, as well as scholars of literature, film studies, cultural studies, genre studies, media studies, memory studies, and popular culture.

Dystopia: Collected Stories Richard Christian Matheson, 2017-07-04 The critically acclaimed collection of Richard Christian Matheson's stories of dread and the unreal. Inescapably troubling and bizarre, these sixty stories are severe and immediate. From Siamese twin country western acts to an alcoholic Santa Claus to movie theaters used as execution chambers to death by orgasm to modern-day savages in Hawaii to beds that have sexual lives of their own to pleasure by self-mutilation, these stories are a scape of ominous excess and psychological revelation. Matheson's heralded style is as always both distilled and hypnotic.

Richard Matheson's Monsters June M. Pulliam, Anthony J. Fonseca, 2016-02-02 Richard Matheson was one of the leading writers of science fiction, fantasy, and horror in the twentieth century. Matheson's most famous early works, the novels *I Am Legend* (1954) and *The Shrinking Man* (1956), both depict traditionally masculine figures thrust into extraordinary situations. Other thought-provoking novels including *Hell House* (1971), *Bid Time Return* (1975), and *What Dreams May Come* (1978), as well as short stories and screenplays, convey the ambiguous status of masculinity, how men should behave vis-à-vis women, and what role they should occupy in the family dynamic and in society at large. In *Richard Matheson's Monsters: Gender in the Stories, Scripts, Novels, and Twilight Zone Episodes*, June M. Pulliam and Anthony J. Fonseca examine how this groundbreaking author's writings shed light on society's ever-shifting attitudes on masculinity and domesticity. In this first full-length critical study of Matheson's entire literary output, the authors discuss how *I Am Legend*, *The Shrinking Man*, and other works question traditional male roles. The authors examine how Matheson's scripts for *The Twilight Zone* represented changing expectations in male behavior with the onset of the sexual and feminist revolutions.

industrialization and globalization and other issues In a society where gender roles are questioned every day Matheson's work is more relevant than ever Richard Matheson's *Monsters* will be of interest to scholars of literature film and television as well those interested in gender and masculinity studies
