

CHAPTER 6 STUDY GUIDE: THE ROCK AND FOSSIL RECORD

SECTION 1

1. Uniformitarianism and Catastrophism are two principles that explain Earth's history and geologic change differently.

2. Uniformitarianism states that the same geologic processes shaping the Earth today have been at work throughout Earth's history.

3. Catastrophism states that all geologic change occurs suddenly.

4. Whereas Uniformitarianism argues that the Earth's mountains, canyons, and oceans are formed by a **slow, gradual process** that can still be observed today, Catastrophism argues that the Earth's features are formed by **rare, sudden, drastic events** called **catastrophes**. What Do You Think?

5. Modern Geology supports both Uniformitarianism and Catastrophism. Today's scientists agree that most geologic change is uniform and gradual, but they also agree that catastrophes do occur occasionally. What catastrophes can you think of that have changed the Earth's surface?

SECTION 2: RELATIVE DATING

6. Geologists study rocks and fossils to determine the order of events in Earth's history.

7. Determining whether an object or event is older or younger than other objects or events is called relative dating.

Rock And Fossil Record Study Guide

LM Reder

Rock And Fossil Record Study Guide:

If you ally dependence such a referred **Rock And Fossil Record Study Guide** book that will offer you worth, get the totally best seller from us currently from several preferred authors. If you want to hilarious books, lots of novels, tale, jokes, and more fictions collections are afterward launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every ebook collections Rock And Fossil Record Study Guide that we will entirely offer. It is not just about the costs. Its virtually what you dependence currently. This Rock And Fossil Record Study Guide, as one of the most in force sellers here will definitely be along with the best options to review.
