Roman Polanski: A Retrospective James Greenberg, 2013-08-06 This is the story of Roman Polanski's career from his early work such as *Knife in the Water* through to his latest masterpiece *Carnage* **Roman Polanski** Jordan R.

Young, 2022-12-15 Between his 1962 debut *A Knife in the Water* and the 1968 blockbuster *Rosemary's Baby* Roman Polanski directed three movies *Repulsion* *Cul de Sac* and *Dance of the Vampires* aka *The Fearless Vampire Killers* that remain a crucial but too often overlooked piece of his filmography In this remarkable behind the scenes look at the director's early output Jordan Young gives us a revealing look at Polanski at work in the years before his rise to global renown Drawing on new research and interviews with principals on both sides of the camera including direct access to the director Young shares eye opening freshly unearthed details We witness Polanski making movies under some of the worst possible conditions contending with financing nightmares both *Repulsion* and *Cul de Sac* were underwritten by exploitation film peddlers poisonous enmities amongst cast and crew and collaborators who in the director's words did their best to make me feel like a monster Polanski the provocateur is in full view here placing actors in physical peril and deploying such unusual methods as slaughtering chickens to provide real blood for a death scene While never shying away from unflattering or shocking details Young still provides a nuanced and measured portrait of his subject a rare look at a controversial artist in the act of creation

Emblematic of recurrent Polanski motifs evinced in his student short films in his striking debut feature *Knife in the Water* 1962 and in subsequent features like *Death and the Maiden* 1994 *Repulsion* is a tour de force examination of crippling anxiety and the sinister potency of inanimate objects *Repulsion* amplifies the realm of psychological horror by evoking the seething impact of increasing delusion literal and figurative seclusion and the consequences of one woman's foreboding sensitivity to the unsettling world that surrounds her This *Devil's Advocate* considers *Repulsion* within the context of familiar horror tropes and the prevailing qualities of Polanski's broader oeuvre Drawing on the research of Sigmund Freud Julia Kristeva Barbara Creed and others concerning issues of abjection the monstrous feminine and the psychology of horror spectatorship this text focuses on central themes of isolation sexuality and setting Bookended by introductory biographical details and concluding with a roundup of the film's reception Jeremy Carr situates *Repulsion* within the horror genre at large as well as its various offshoots such as the rape revenge subgenre There is also an analysis of the film's technical qualities from its sound design to its brilliantly low key special effects all of which define the film as Polanski's most audaciously stylish realisation of dread and unease

Something Wicked Douglas Brode, Leah Deyneka, 2024-10-31 An anthology of essays that deal with Witchcraft and the figure of the Witch as they have been presented in motion pictures television and popular culture in order to understand how why and when the common anti Witchcraft anti Witch attitude evolved Mainstream tales of Witchcraft including modern movies novels TV series and other examples of our popular culture more often than not express the traditional notion of a Witch as a wild dangerous untamable nasty woman obsessed with a desire for power to control all around her in most narratives such a hunger presented as a negative In truth The Witch is a symbol of threatening evil only to those men and women who accept a conservative sensibility For members of either gender who do not The Witch is perceived as hero and role model This collection begins with the Biblical figure of Lilith followed by Morgan le Fey from Arthurian legend myth in literature as well as in popular culture followed by the more contemporary depictions of the Witch that start to appear in the 1960s for example in the *Bewitched* sitcom the *Star Wars* franchise *Harry Potter* and even the television show *Scooby Doo* International depictions of the Witch are discussed including Italy's Dario Argento's films *Suspria* and *Inferno* The final section of this collection focuses on the most iconic depictions of the Witch produced during the 21st century including *A Discovery of Witches* *Penny Dreadful* *Game of Thrones* and the history of the Witch in films by the Walt Disney studio from its origins more than a century ago to the latest releases arguing that here if perhaps surprisingly we discover the most fair and balanced portraits of Witches in the history of film and TV

Rosemary's Baby Michael Newton, 2020-05-14 *Rosemary's Baby* is one of the greatest movies of the late 1960s and one of the best of all horror movies an outstanding modern Gothic tale An art house fable and an elegant popular entertainment it finds its home on the cusp between a cinema of sentiment and one of sensation Michael Newton's study of the film traces its development at a time when Hollywood stood poised between the old world and the new its dominance threatened by the rise of TV and cultural

change and the roles played variously by super producer Robert Evans the film's producer William Castle director Polanski and its stars including Mia Farrow and John Cassavetes Newton's close textual analysis explores the film's meanings and resonances and looking beyond the film itself he examines its reception and cultural impact and its afterlife in which Rosemary's Baby has become linked with the terrible murder of Polanski's wife and unborn child by members of the Manson cult and with controversies surrounding the director

Not to be Missed Kenneth Turan, 2014-06-03 The images and memories that matter most are those that are unshakeable unforgettable Kenneth Turan's fifty-four favorite films embrace a century of the world's most satisfying romances and funniest comedies the most heart stopping dramas and chilling thrillers Turan discovered film as a child left undisturbed to watch Million Dollar Movie on WOR TV Channel 9 in New York a daily showcase for older Hollywood features It was then that he developed a love of cinema that never left him and honed his eye for the most acute details and the grandest of scenes Not to be Missed blends cultural criticism historical anecdote and inside Hollywood controversy Turan's selection of favorites ranges across all genres From All About Eve to Seven Samurai to Sherlock Jr these are all timeless films classic and contemporary familiar and obscure with big budgets and small each underscoring the truth of director Ingmar Bergman's observation that no form of art goes beyond ordinary consciousness as film does straight to our emotions deep into the twilight room of the soul

Honouring and Admiring the Immoral Alfred Archer, Benjamin Matheson, 2021-06-07 Is it appropriate to honour and admire people who have created great works of art made important intellectual contributions performed great sporting feats or shaped the history of a nation if those people have also acted immorally This book provides a philosophical investigation of this important and timely question The authors draw on the latest research from ethics value theory philosophy of emotion social philosophy and social psychology to develop and substantiate arguments that have been made in the public debates about this issue They offer a detailed analysis of the nature and ethics of honour and admiration and present reasons both in favour and against honouring and admiring the immoral They also take on the important matter of whether we can separate the achievements of public figures from their immoral behaviour Ultimately the authors reject a one-size-fits-all approach and argue that we must weigh up the reasons for and against honouring and admiring in each particular case Honouring and Admiring the Immoral is written in an accessible style that shows how philosophy can engage with public debates about important ethical issues It will be of interest to scholars and students working in moral philosophy philosophy of emotion and social philosophy

The Girl Samantha Geimer, 2014-06-17 In this searing memoir the author the girl at the center of the infamous Roman Polanski sexual assault case breaks a virtual thirty five year silence to tell her story and reflect on the events of that day and their lifelong repercussions March 1977 Southern California Roman Polanski drives a rented Mercedes along Mulholland Drive to Jack Nicholson's house Sitting next to him is an aspiring actress Samantha Geimer recently arrived from York Pennsylvania She is thirteen years old The undisputed facts of what happened in the following hours appear in the court record Polanski spent hours taking pictures of Samantha on a deck overlooking the Hollywood Hills on a kitchen counter topless in a Jacuzzi Wine and Quaaludes were consumed balance and innocence were lost and a young girl's life was altered forever eternally cast as a background player in her own story For months on end the Polanski case dominated the media in the U S and abroad But even with the extensive coverage much about that day and the girl at the center of it all remains a mystery Just about everyone had an opinion about the renowned director and the girl he was accused of drugging and raping Who was the predator Who was the prey Was the girl an innocent victim or a cunning Lolita artfully directed by her ambitious stage mother How could the criminal justice system have failed all the parties concerned in such a spectacular fashion Once Polanski fled the country what became of Samantha the young girl forever associated with one of Hollywood's most notorious episodes Samantha as much as Polanski has been a fugitive since the events of that night more than thirty years ago Taking us far beyond the headlines this memoir reveals a thirteen year old who was simultaneously wise beyond her years and yet terribly vulnerable By telling her story in full for the first time Samantha reclaims her identity and indelibly proves that it is possible to move forward from victim to survivor from confusion to certainty from shame to strength

Genre-Busting Dark Comedies of the 1970s Wes D. Gehring, 2016-03-09 This examination of dark comedies of the 1970s focuses on films which concealed black humor behind a misleading genre label All That Jazz 1979 is a musical about death hardly Fred and Ginger territory This masking goes beyond misnomer to a breaking of formula that director Robert Altman called anti genre Altman's MASH 1970 ridiculed the military establishment in general the Vietnam War in particular under the guise of a standard military service comedy The picaresque Western Little Big Man 1970 turned the bluecoats vs Indians formula upside down the audience roots for the Indians instead of the cavalry The book covers 12 essential films including Harold and Maude 1971 Slaughterhouse Five 1972 One Flew Over the Cuckoo's Nest 1975 and Being There 1979 with notes on A Clockwork Orange 1971 These films reveal a compounding complexity that reinforces the absurdity at the heart of dark comedy

Showing and Telling: Film heritage institutes and their performance of public accountability Nico de Klerk, 2019-03-25 Showing and Telling is the first academic work to explore how publicly funded film heritage institutes

account for their mandate in their public activities It does that by inspecting and evaluating public presentations and visitor information about these presentations The research was done by juxtaposing two complementary approaches The first is grounded in the author's experience as a collection researcher and curator and makes a case for the richness of archival objects usually ignored for their lack of aesthetic qualities The second is a survey of the public activities of 24 institutes worldwide based on their websites in February 2014 the latter constitutes a unique source This original work uncovers the disconnect between the curatorial activities of these institutes and their missions A central finding is that publicly funded film heritage institutes give their public an inadequate sense of cinema history By and large they offer a mainstream oriented repertoire of presentations overwhelmingly consisting of feature fiction they show a disproportionate amount of recent and new works often through commercial distribution their screenings consist of an unexplained melee of technological formats sometimes substandard and their presentations monotonously frame film as art although their professed aesthetics are mostly of a cinephile nature and rest on received opinion Specific materials early cinema in particular and specialist knowledge both historical and methodological are largely restricted to their network of peer communities Wholesome transfer of full knowledge in word and image to the public is not a major concern Showing and Telling concludes with recommendations for curatorial activities Firstly with a conceptual apparatus that allows a more complete understanding of film heritage and its histories Secondly with a plea for rethinking the institutes gatekeeper function and for developing more varied imaginative and informative public presentations both on site and online that reflect the range of their collections and their histories

Sound in the American Horror Film Jeffrey Bullins, 2024-07-22 The crack of thunder a blood curdling scream creaking doors or maybe complete silence Sounds such as these have helped frighten and startle horror movie audiences for close to a century Listen to a Universal classic like Dracula or Frankenstein and you will hear a very different soundtrack from contemporary horror films So how did we get from there to here What scared audiences then compared to now This examination of the horror film's soundtrack builds on film sound and genre scholarship to demonstrate how horror perhaps more than any other genre utilizes sound to manipulate audience response Beginning with the Universal pictures of the early 1930s and moving through the next nine decades it explores connections and contrasts throughout the genre's technical and creative evolution New enthusiasts or veteran fans of such varied films as The Mummy Cat People The Day the Earth Stood Still Psycho Halloween A Nightmare on Elm Street Scream The Conjuring Paranormal Activity and A Quiet Place will find plenty to explore and perhaps a new sonic appreciation within these pages [70 Years of Indian Cinema,](#)

Moreland, 2015-03-25 Perhaps because of the wisdom received from our Romantic forbears about the purity of the child depictions of children as monsters have held a tremendous fascination for film audiences for decades Numerous social

factors have influenced the popularity and longevity of the monster child trope but its appeal is also rooted in the dual concepts of the child like innocent angelic and the childish selfish mischievous This collection of fresh essays discusses the representation of monstrous children in popular cinema since the 1950s with a focus on the relationship between monstrosity and childness a term whose implications the contributors explore Repertory Movie Theaters of New York City Ben Davis,2017-03-14 New York s repertory movie houses specialized in presenting films ignored by mainstream and art house audiences Curating vintage and undistributed movies from various countries they educated the public about the art of film at a time when the cinema had begun to be respected as an art form Operating on shoestring budgets in funky settings each repertory house had its own personality reflecting the preferences of the often eccentric proprietor While a few theaters existed in other cities New York offered the greatest number and variety Focusing on the active years from 1960 through 1994 this book documents the repertory movement in the context of economics and film culture
