A-Z of the Isle of Wight Wendy Turner, 2023-06-15 A lavishly illustrated A Z local guide exploring hidden facts you might not know about the Isle of Wight

Agriculture and Industry in South-Eastern Roman Britain David Bird, 2016-12-31 The ancient counties surrounding the Weald in the SE corner of England have a strongly marked character of their own that has survived remarkably well in the face of ever increasing population pressure The area is however comparatively neglected in discussion of Roman Britain where it is often subsumed into a generalised treatment of the civilian part of Britannia that is based largely on other parts of the country This book aims to redress the balance The focus is particularly on Kent Surrey and Sussex account is taken of information from neighboring counties particularly when the difficult subsoils affect the availability of evidence An overview of the environment and a consideration of themes relevant to the South East as a whole accompany 14 papers covering the topics of rural settlement in each county crops querns and millstones animal exploitation salt production leatherworking the working of bone and similar materials the production of iron and iron objects non ferrous metalworking pottery production and the supply of tile to Roman London Agriculture and industry provides an up to date assessment of our knowledge of the southern hinterland of Roman London and an area that was particularly open to influences from the Continent

Empire State Simon Elliott, 2017-08-31 The armed forces of Rome particularly those of the later Republic and Principate are rightly regarded as some of the finest military formations ever to engage in warfare Less well known however is their use by the State as tools for such nonmilitary activities in political economic and social contexts In this capacity they were central instruments for the Emperor to ensure the smooth running of the Empire In this book the use of the military for such non conflict related duties is considered in detail for the first time The first and best known is running the great construction projects of the Empire in their capacity as engineers Next the role of the Roman military in the running of industry across the Roman Empire is examined particularly the mining and quarrying industries but also others They also took part in agriculture administered and policed the Empire provided a firefighting resource and organized games in the arena The soldiers of Rome really were the foundations on which the Roman Empire was constructed they literally built an empire Simon Elliott lifts the lid on this less well known side to the Roman army in an accessible narrative designed for a wide readership
